We start with a brief (no pun intended!) explanation of the rules of the game. They are that Jeny has to stand still with her panties pulled down to her ankles and she must stay in the same spot for a time decided by the roll of a dice. Jeny wears the green and white patterned dress seen in her summer walk video, a belt, black and white wedge heeled shoes and the stars of the show, a pair of pale pink panties.

The action begins under a road intersection and tram line station with a whole host of entrances and exits that provide any number of possible ways that Jeny can be seen. We watch as using the dice on her phone she rolls the dice and it lands on 2, Jeny sets her camera up and walks away and we catch a quick look at her butt cheeks as her dress is blown by the breeze. She reaches the spot where she must stand and swiftly pulls her panties down and starts the timer on her phone, now 2 minutes may not seem a long time but when you are standing on a path with panties around your ankles the seconds seem like minutes which in turn seem like hours! Sure enough along comes a man appears from behind her but doesn't see her panties. Then another guy approaches and immediately recognises the garments at Jeny's feet! As he turns to walk up the stairs, the 2 minutes come to an end and she is able to pull them up as the man has his back to her. Sensing that something naughty is happening, the man watches Jeny until he becomes bored and wanders off.

So having been caught once, Jeny explores the concrete structure for the next spot in the game. Before she can continue Jeny is approached by a man who wants to date her! It would certainly have been one of the weirdest places to pick someone up! Her next spot lasts only a minute and is relatively easy so next we see Jeny she has set up the camera and precedes to climb the stairs which allows us to see that glorious ass under the short dress and Jeny struts her stuff before us, bending over to reveal her fabulous cheeks, then back to the game and the gods are on Jeny's side as she rolls the dice and gets a score of just one but this time she unbuttons her dress this time and whilst she stands with her panties down around her knees the rest of her wonderful body is fully on show. But whilst she is walking back and forth Jeny is caught again this time by a guy who whistles at her.

Jeny is undaunted and walks away from the scene she keeps flashing her pussy by pulling her panties to one side. Meanwhile she is passed by a young guy on a scooter who disappears amongst the concrete structure. Jeny is continuing to open her dress, her magnificent breasts and perfectly erect nipples enjoying the warm sun on them! Jeny continues to explore the area and finally discovers the scooter rider who has joined some others and they turn out to be graffiti artists. This is exactly the place Jeny has been hoping for. She spins the dice and gets a 3 and setting the camera up, Jeny unbuttons her dress and with her panties around her ankles and the dress fully open, a sure sign that Jeny is excited by the situation is seeing her slapping her pussy.

Jeny is in full view of the artists and draws the conclusion that they are more worried that this naked woman is going to call the police! Oh the innocence of youth!
