

Review for video “Dr Kris”

This video starts with Jeny in a black waistcoat, short red skirt (that has featured in recent videos and trailers) and very high heeled pink shoes. She jokes with us that she is just sitting there talking to the tree! Jeny points out a hidden microphone. She tells us, the audience, the scenario of her new video. It is based on the psychology test but this time the twist is that all the action takes place in the seating area.

Dr Alex brings through the victim and gets her to sit opposite Jeny on the sofa. Her name is Kris and she is a slim girl and is wearing a white short sleeved shirt which is unbuttoned to reveal what looks like a black bra, a relatively short black skirt over black hose. They briefly acknowledge each other before both are distracted by their phones. Gradually Jeny relaxes and subtly opens her legs revealing that once again she is pantieless and we get brief views of her landing strip

With the use of a split screen we are able to see the reactions of the other girl who on several occasions gets a clear view of Jeny's perfect pussy.

At one stage, Kris becomes aware of a camera man and is clearly nervous of commenting on the lack of underwear. There follows a conversation about the test in which the victim voices her concerns about the time it is taking. Suddenly Dr Alex reappears and calls Kris to join him and Jeny wishes her good luck!

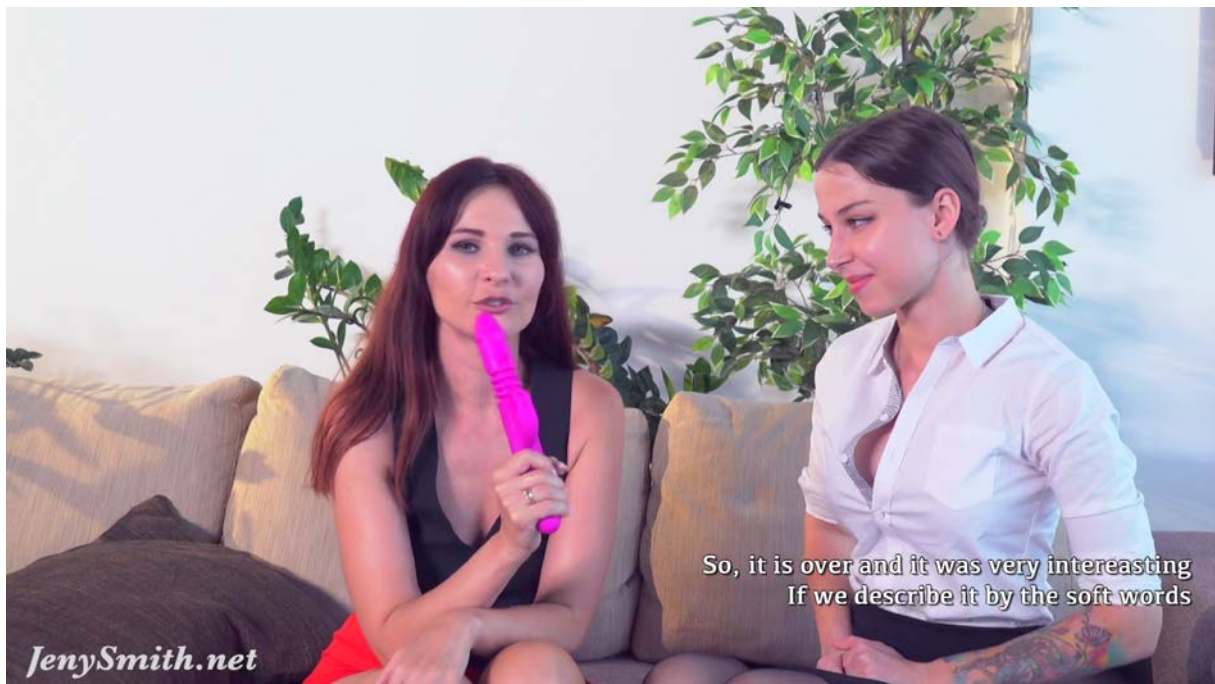

This is when the fun begins! While the coast is clear Jeny gets a bright pink vibrator and quickly inserts it in her pussy. One feature of the toy is a part of the vibrator which, when the toy is turned on vibrates against Jeny's clitoris and soon the affect is obviously arousing her. Cue the return of Kris who immediately warns Jeny of the intrusive nature of the questions asked and all the while Jeny tries to hide the fact that she is becoming distracted both by the toy and the constant buzzing of it! At one stage Jeny pulls a cushion over her lap in a unsuccessful attempt to cover the sound of the vibrator! Kris asks Jeny if she can ask her a naughty question, yes replies Jeny and her secret is out!

Kris gets up from the sofa and sits beside Jeny who can't resist showing her toy and is surprised to hear that Kris has the same vibrator at home. Kris has suddenly become anything but a victim! Instead she tells Jeny to spread her legs and then finishes what Jeny had started by unbuttoning her waistcoat and those fabulous breasts are free for Kris to fondle. They discuss the best settings for the toy in an almost matter of fact way as Jeny continues to enjoy the vibrator which is now working its magic on her clitoris.

Kris, who to this moment is just enjoying the view, becomes more hands on literally (and mouth on!) as she takes hold of Jeny's toy and at the same time, leans forward and sucks on her nipple. At this stage we, the audience, begin to realise that Jeny is in effect the victim and Dr Kris and Dr Alex have pranked her. As the truth dawns on Jeny, she decides to concentrate on her own orgasm and we are lucky to be watching the Queen of tease cumming.

In the calm after the storm, Jeny pretends to interview Kris using the vibrator as a microphone and they all too briefly kiss to which Alex says kiss properly and then we see a really passionate kiss.

One thing I've not mentioned in my review is that Kris has an arm full of tattoos. I'm not a fan but didn't want my likes and more importantly, dislikes to prejudice anyone!
