

Review for video “A House by the River Selfies”

This is a classic video of Jeny filming herself in and around the house by the river! We first see Jeny in her 'playboy' bikini and a sheer miniskirt which does nothing to hide her fabulous ass. Jeny as we all know is the Queen of tease and this video enhances that reputation!

With the skirt now removed, we have confirmation that the bikini bottoms are sheer as well. We have proof as if it was needed that Jeny has a tiny landing strip but completely hairless pussy lips which becomes much more obvious later in the video! Jeny plays with her bikini bottoms pulling them down to show us her magnificent butt cheeks.

Jeny looks so relaxed as she walks around the house. She has a clever addition to her camera that allows the tracking of her as she moves. One thing I've forgotten to mention is her very high heeled black stilettos (anyone with a shoe fetish will have noticed them immediately) Removing her bikini, Jeny shows off her gorgeous body, she really looks stunning in just her shoes.

Jeny again walks around the building, only this time completely naked and we can see what her landing strip covers.....nothing! Jeny then covers her body with lotion (which leads to my personal favourite, massaging the lotion on those fabulous breasts!)

There is one final stroll up to the camera and then Jeny is gone leaving us to our imagination as to what she will be doing next!
