The film starts as many of hers do with Jeny setting the scene. She tells of a young man seeking psychological advice to deal with a problem that leads to panic attacks when he finds himself in a intimate situation with a girl. Jeny is ideally placed to help him as she is a trained Psychologist and also deals in experimental areas of her science.

Jeny is wearing a blue, large patterned shirt and a short black skirt, she greets the young man who displays all the character traits of an insecure person, he is immensely defensive in his body language and speaks so softly that a weaker person than Jeny would call a halt there and then!

But Jeny is made of stronger stuff and so they talk for an hour and a half, and she knows what she has to do to cure the young man of his phobia. Even Alex doesn't know what Jeny has planned! She tells the guy what she has in mind. Jeny wants him to massage her as this should beat his issue with girls by putting him in literally touching distance with a woman!

The scene is set and Jeny's first job is to coax the young guy out of his shyness and stand close to her. Having achieved this the next step is to get him to remove her clothes. She tells him that she is wearing panties under her skirt so Jeny's shirt is the first item to reveal (briefly) her fabulous breasts which she covers with her hands, Jeny doesn't want to scare him off!

She then asks him to take her skirt off whilst telling him to not be so gentle with her. With her now in just her white thong she slips her shoes off and climbs on the bed and lies on her tummy.

Jeny tells him to start to apply the massage oil to the backs of her legs but asks that he should tell her where he will be touching her. She is surprised by his confidence when touching her nearly naked body. He admits to having massaged before but only on friends. When instructed by Jeny that her butt needs attention, he wastes no time in giving her bare cheeks a vigorous workout. Jeny is clearly impressed with his confidence and he tells her that he is growing up as he goes about his mission.

It's to his credit, when asked how he feels about the massage, he repeatedly says that he is aware that this is an unique psychological exercise! When pushed to say more, he admits to enjoying the experience. To put him more at ease by telling him that her panties have a name and that name is Lilly, why Lilly? She tells him that a friend (Andre, the scientist in his alto ego!) has written, telling her how it is to be her panties and giving life to Lilly.

Soon Jeny asks him if it's time for her to turn over onto her back. He replies that he is happy that she does but says that if neither of them are happy then they can stop at any time. So we watch as Jeny turns over and covers her breasts again until she is on her back. He continues with the oil, her legs now glistening and, thanks to some great positioning of the cameras we get a perfect view of Jeny's perfect body although she continues to cover her breasts and she's still wearing her 'Lillies'. Her flat stomach and arms are next to be covered in oil.

G says to Jeny that this type of work should be double pay and adds that he could pay her back with something more valuable to which she asks him to tell her straight what he means. He answers with a simple 'no'.

He answers with a simple 'no'. Jeny is briefly distracted by his hands touching a particularly sensitive spot on her hips but when she calms down and suggests that he was talking about having sex, he says that he meant dinner and a bouquet of flowers,

Jeny scoffs at the answer he gives!

We are left to ponder where that conversation might have led. We can see for ourselves that he is growing in confidence and that Jeny is reacting in a very positive way to his massage technique.

Then comes a turning point in the events. Jeny tells him that she can open her borders and allow him to cross them. Does he understand what she is saying? Yes comes the reply but just to make sure they are on the same page, she asks him to indicate what he understands by borders. He moves his hand up to her breasts, Jeny simply says yes (for those of you who are new to Jeny, she doesn't allow guys to touch her nipples or pussy lips).

She tells him that they can play a game, he is to indicate with the use of his hands where he wants Jeny to move her hands. With one last rub of her arms G applies more oil to his hands and within seconds, he is fondling her perfect breasts and her nipples are a give away that she is aroused.

Jeny is still trying to be professional by talking every so often about G's issue but she is constantly distracted by his handiwork. Eventually she says to him that maybe her panties are bothering him!

A straightforward hint she says G was scared to ask Jeny simply says do you want to take my panties off ! No sooner has she said that than we see G pulling them down and off, leaving her naked on the bed. The position of the camera means that we get a fabulous view of Jeny's pussy.

I don't want to spoil the rest of this sensational video with a whole lot of she said, he said commentary suffice to say that the next 15 minutes are some of the most provocative and erotic conversations.

Does the Queen of tease meet her match? Does the young man overcome his issues? To find out the answers to this you'll have to watch the video and if you're not yet a member then why not! It's great value with hundreds of hours of Jeny doing what she does so well with the added bonus of thousands of photos. If that's not enough to make you join then you lack imagination!
