I think I'd better warn you at the start that this is going to be a long review, at 1 hour 18 minutes this is one of Jeny's longest videos and to do justice to the video,I will need to break the story down into 5 vignettes

1: at the apartment.

2: out on the road.

3: walk In the park

4: the morning after

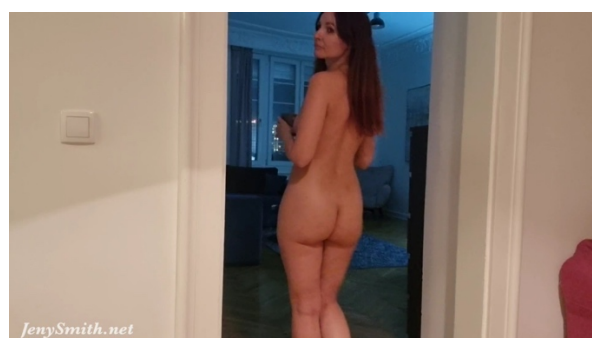

5: at the abandoned factory

We start in Jeny's rented apartment which will be her base for a week. She needed to recharge her batteries and this proofed to be a great location for what we are about to see.

1: at the apartment!

Jeny gives us a tour of the spacious apartment and it already feels like home as we see Jeny's personal effects at various places, her cream boots and assorted laptops and papers fill the table (you didn't really think she would take a complete break from work, studies and other important projects, you don't know how Jeny works).

At the end of the tour we finally set eyes on our princess, she is naked but for a bright orange blouse and a pair of furry slippers. And what a stunning view, going from head to toe, her hair cascades down her shoulders, those piercing eyes so beautiful and her kissable lips,down her slender neck to Jeny's wonderful breasts, her hair brushes against a nipple, again we move down across her flat stomach, down further to the tiny tuft of pubic hair which leads you to her fabulous pussy lips, hairless and smooth and finally, Jeny's legs, whether clad in nylon or bare like here are just the right length to reach the floor (sorry my feeble joke!)

Jeny looks so relaxed walking round the apartment naked and she makes sure that her beautiful bottom gets its fair share of attention as she pulls up her blouse at the back. Then it's back to the kitchen and a mug of lemon tea (we get an insight into Jeny's healthy eating habits are with no crisps or biscuits in sight! Now with her tea she strolls through to the lounge having discarded her blouse, her beautiful naked body visible from the street as Jeny, of course, doesn't pull the curtains! She demonstrates her dexterity with the camera by filming her body from all angles. I can't help thinking what it would be like to be her neighbour! How many excuses I would come up with to pop next door!

2: Out on the street (thin leggings walk)

The next time we see Jeny is outside at night walking the streets and she is wearing a cream coloured leather jacket over a thin waistcoat, matching cream high heeled boots and thin blue 'leggings' (in reality seamless pantyhose!)) Jeny walks along a very well lit back street with her gorgeous bottom clearly visible to the passing taxis and cars.

Jeny is in true exhibitionist mode and is aroused by the thought of being seen,,she stops briefly to stroke her pussy and pulls up her pantyhose to show off a perfect camel toe!

As she continues to walk backwards and forwards this time with jacket removed, it begins to look like Jeny is fantasising that she is a 'street walker' and does nothing to hide when taxis slow down to look at her incredible figure. Not content with displaying her butt, she unbuttons her waistcoat to show her fabulous breasts.

Jeny is really getting into the role she has chosen to play and she even says to us that 2 taxi drivers are slowing down to check her out and she goes on to say that she is having a pleasurable evening and she must be doing it right judging by their reaction!

I am in no way whatsoever suggesting that Jeny is a prostitute but it is clear from her actions that it is a role she's playing and she is aroused by the thought of being picked up. All the time she looks fabulous and is relaxed and judging by the smile on her face Jeny is happy!

This sequence just gets more and more erotic as Jeny continues to attract attention as cars drive slowly passed. At this point I can't stop thinking how the conversation would go if any of them had approached her!

Anyway Jeny decides that she is attracting too much attention and goes to a quieter location. Members will recognise the place as the site of the 'pantie' game where Jeny had to stand with her panties around her ankles for a random time. She walks with the poise of a fashion model and we are treated to her butt cheeks gently wobbling and her nipples are erect not because of the temperature but because she is excited. As the place is well lit, Jeny can easily be seen, not that bothers her!

Jeny continues her walk in her gorgeous pantyhose, her cheeks and pussy displayed through the sheer material, her beautiful breasts have no covering at all with Jeny proudly exposing them to our gaze.

Jeny climbs some stairs and we get an upskirt (without the skirt!) view of those magnificent buttocks again. She turns to face us and then slips her jacket and waistcoat off her shoulders leaving her naked but for her boots and pantyhose,, a vision of loveliness.

I just have to say that for lovers of Jeny's butt cheeks, you will be in heaven for the vast majority of the video and as I would count myself amongst them I too am in heaven!

However Jeny hastily scrambles to put her jacket on as 3 cars arrive in quick succession and as Jeny becomes increasingly alarmed at some 'bad activity' happening she makes a call for a taxi to pick her up and so we are off to another location (and to think we are only 25 minutes into this video)

3: walk in the park.

Yes it's still the same night and Jeny is still in the same outfit but she has managed to retrieve her miniskirt which, as always, is so short, her nylon covered cheeks are visible as she strolls along the path. Jeny's pussy is determined not to be overlooked and so the split in the skirt before at the side is now at the front and pussy is happy!

But what's this! The skirt has gone AWOL and Jeny sits astride a bench, her legs spread wide and she strokes her pussy. Again the bench is in a well lit park area and several times, Jeny glances around to check she is alone. She then crosses and uncrosses her legs a la Sharon Stone then returns to stroking her pussy before lifting herself up and pulling her pantyhose down, unzipping each boot and sliding them off, they have served their purpose!

Jeny is now in her element! She walks away and up to the park, her beautiful bare ass cheeks gently wobbling. Until she stops beneath a street light and, calmly takes her jacket off and drops it on the ground and stands there naked but for her boots. Jeny almost subconsciously caresses her bare breasts (an action she always does when aroused) before bending over to gather her jacket which she leaves on the table before walking away naked and with nothing to cover her nudity off she goes! This is one of many reasons why we love her so much, she clearly loves being naked in the great outdoors, a fact reinforced by the constant stroking of her gorgeous body.

Almost reluctantly Jeny returns to the spot where she puts on her jacket and skirt. She makes a heart shape with her hands, blows us a kiss, this is normally the end of the video but not this time! We're only half way through the video and Jeny isn't ready to go home just yet! She stops under a lamppost to do a selfie of her gorgeous body, having completed the task, she retraces her steps. This time it's her bottoms time to get jealous of all the attention her pussy is receiving and to balance things up, Jeny raises her skirt so her wonderful butt is properly revealed! This ends part 3 of the video!

4: the next morning.

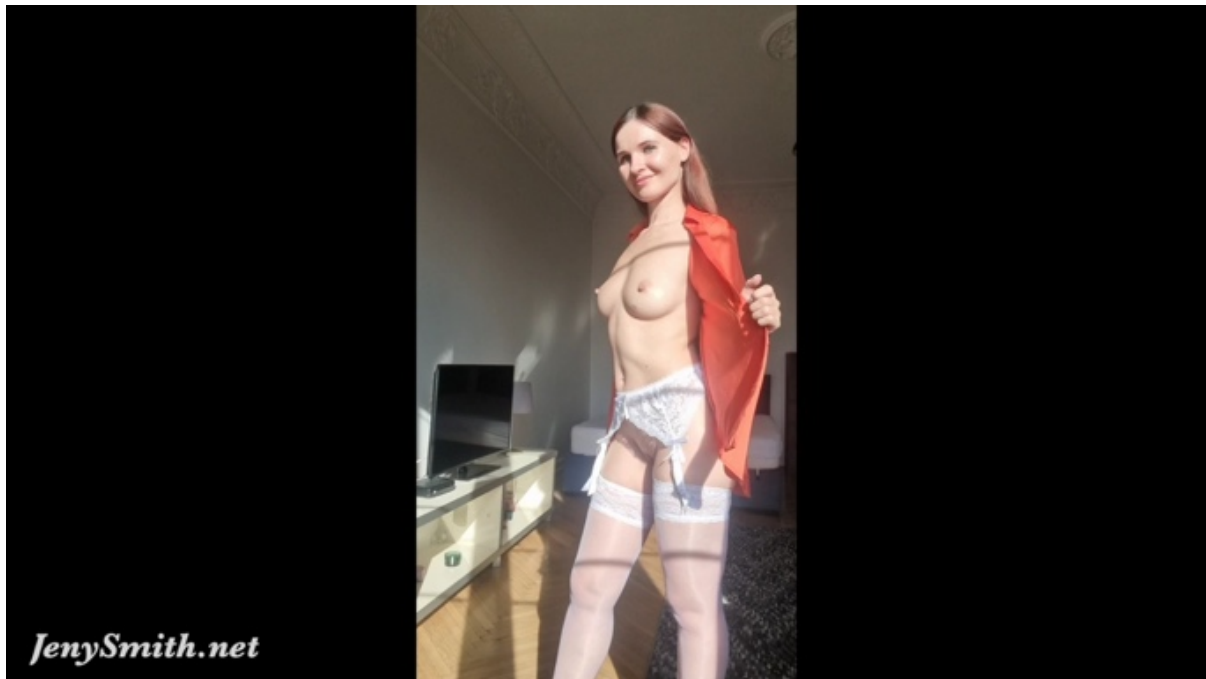

"Wake up, you sleepy head, rub your eyes, get out of bed"

Yes, Jeny awakens, looking as beautiful as ever, she greets us with a gorgeous smile before throwing the quilt off to reveal her fabulous body to us (Jeny always says she's a night owl and is not at her best in the morning but she looks this good then I beg to differ!) Now dressed for the day's chores (in Jeny's case, brunch and a trip to the manicurist for a manicure and pedicure) and by the way her brunch consists of a huge plate of fresh fruit. Sorry, I forgot to say what Jeny is wearing! She has the orange blouse that she was sort of wearing the evening before, a warm looking jacket, some slightly more practical navy blue leggings and the sexiest of cowgirl boots!

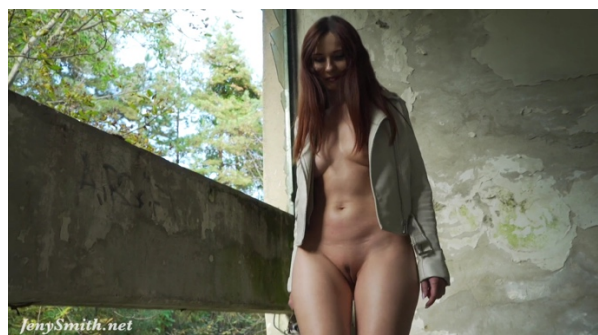

On returning to the apartment, she shows us her latest purchase, a white lace suspender belt with matching panties (I'll have to ask Andre the scientist what their name is and if they are related to Lilly - this is for hard core fans of Jeny-hint, think massage!) Of course Jeny's going to model them for us! She pulls the panties up first (this is heresy to another member here who is adamant that panties should be worn over suspenders!. But what ever way she choses, she'll look great! The panties have a thong back so there's no escape from that beautiful butt! Next on is the matching garter belt (for the Americans amongst us) and to next, a pair of white lace topped stockings with the final accessory, Jeny's wedding shoes (a sure sign that Jveny looks after her wardrobe and a fitting reminder of her love of Alex!)

The next thing for Jeny to do is to be pose around the apartment including getting down on her hands and knees to show off that magnificent ass and then she poses around her home in her orange blouse for the various platforms that wouldn't be allowed because of their uptight rules which Jeny has fallen foul of in the past!) As you will have noticed the sun is out and mirrors Jeny's demeanour and it's too good an opportunity to stay indoors and so

5: at the abandoned factory

Jeny continues her adventures and making the most of the sunny, warm weather. She is dressed as she was last night only this time she starts off not wearing her jacket and in its place is the waistcoat. and she poses in front of a graffiti covered wall, her nylon encased bottom being especially noticeable due to the bright sunlight, We then follow Jeny as she tiptoes her way through the rubble until she finds some steps that lead into the abandoned factory and from fully dressed as she approaches the building magically she is wearing just jacket and boots!

Suitably dressed to explore the labyrinth of tunnels and corridors (you should read Jeny's blog if you don't know what she loves about this scenario!) So begins Jeny's latest adventure. She is forced to go back and precedes down another way because of the collapse of the ceiling, it isn't without its hazards! And the other direction throws up another surprise when an owl flies off from its roost, startled by our naked goddess!

And while this is going on, we can watch Jeny's bare butt as we follow her. She is mindful of this and stops in one room to face the camera and makes sure we get to see her fabulous breasts and perfect pussy. Thankfully she spares us the 'disgusting toilet' she spies through a gap! There are plenty of signs that someone has been existing there (I say existing because that sums up what it must be like to be in that situation) but (no pun intended) but back to Jeny and her fabulous butt!

Every so often, Jeny absentmindedly strokes her breasts and nipples until she stops to play, the camera closing in to her erect nipples and pussy as she masturbates, her beautifully manicured finger caressing her clitoris. Jeny turns and continues playing but this time she bends over providing us with a delightful view of her pussy from below. She stops briefly to explore some more before squatting and again playing with her wonderful pussy lips (it's so easy to see why she is known as the Queen of tease!)

She is forced to stop as she hears sounds indicating the presence of people close by. This isn't helped by Alex backing into some metal trunking causing both of them to jump! Further exploration follows with Jeny tweaking her nipples all the time! There's a lovely moment when Jeny has a conversation with a screeching bird, Jeny; why are you screaming? Bird; screeching! Jeny; I'm already scared!

Jeny tells us about a semi busy street she's spotted and she wants to go for a walk! Stepping out into the brilliant sunshine, Jeny confidently explores her surroundings and then removes her jacket leaving her naked but for her boots! WOW! She looks simply gorgeous, the warmth of the sun on her wonderful body

Jeny is our Eve, only in a run down part of the Garden of Eden

She surely is the epitome of all that is good about our planet and we realise how wonderful Earth would and could be if more people were like her (sorry I'm getting very profound but Jeny has that affect on me) She is clearly excited and almost wants to be caught. She finds herself somewhere to sit and films herself on her phone, concentrating in her pussy (what treasures must be stored in the memory of her phone!) Now sitting with one foot on top of the wall, Jeny strokes her body ultimately ending with a spread wide wet pussy all captured in glorious close up. Jeny blows us a kiss, forms a love heart with her fingers and then is gone, a fitting end to a magnificent 78 minute video!

If that's not enough to make you want to join us at jenysmith.net then you don't have a pulse!

But I think it's more than enough with hundreds of videos and thousands of photos there can be very few better ways to spend your hard earned money than with a subscription to jenysmith.net
