

## Review for video “A not planned party video”

This is a short video (12:24 minutes) and shows Alex and Jeny are out at a Halloween party. The good news: the party is with Russian people meaning Jeny is more relaxed and likely to flash. The not so good news, they don't have night camera's with them (as it seems Alex wasn't expecting Jeny to misbehave), simply their mobile phones.

I would say Jeny is dressed to party in typical Jeny fashion. When I first see her (through fairly blurry pictures) she is wearing her bolero hat, a short lacy see-through top (leaving her stomach bare) and pantyhose. She is also wearing long see through coverings on her arms (that leave her hands and shoulders bare) and fishnet stockings with garters over her pantyhose. A thin chain dangles down from each each side of the hat which catches the light. The subtitles tell me Jeny has already discarded her skirt.

Queen's song “We will Rock You” blares over the club speakers. She is sat on a seat. She nonchantly leans back. She spreads her legs giving me a first tantalizing glimpse of her pussy through both the blurriness of the camera and the sheer covering of the pantyhose. She then lifts her top exposing her fabulous breasts and with her fingers she flicks her nipples to attention. She brazenly sits back, legs open breasts exposed, gently swaying her body from side to side as the song finishes. Oh Jeny, you are rocking me!

The song changes. Jeny is up dancing. She is besides a large easel which partially shields her from other people's view so she sways her body and arms and legs to the music. The camera view changes and it shows Jeny dancing from a different angle. She is still behind the easel and we can now see she is in a quiet corner of the club. She lifts her tops again and those gorgeous breasts now join in the fun swaying to the rhythm. She dances for a minute or so and what a sexy dancer she is.

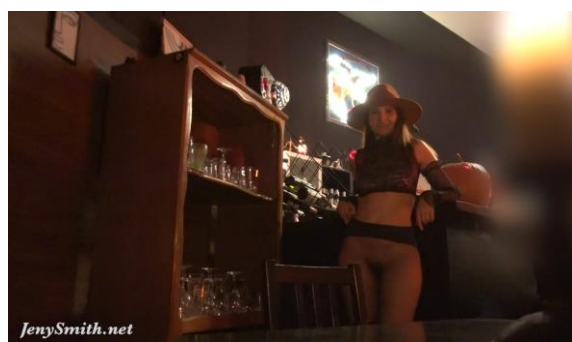

Subtitles appear on screen which tell us it is now 40 minutes later. Jeny is stood up and is wearing a short mini-skirt. However she takes it down and off straightaway. The lighting here is better and her fantastic figure can now also be seen better.

The camera shows she has a lovely smile on her face. The camera then drops to below the table where she is sitting and it is much darker there. But it picks up Jeny's open legs and the line of her pussy through her pantyhose.

The camera is then at Jeny's side. It shows her breasts beneath her lacy top, the nipples pressing against the material. It also gives a slightly better view of her pussy. She then stands up and walks away slightly giving us a wonderful view of her butt encased in the sheer material of her pantyhose. She stands at the end of the bar. It is clear that the pantyhose is seamless and little obstructs the view of her butt or her pussy. She turns around to face the camera to emphasise the view.

Jeny then returns to the table where she was sat, but changes places. She is facing the camera but now has her back to the bar. She lifts her top to expose her breasts again. We can now see obscured figures at the bar only about two metres away.

She licks one of her fingers and uses it to naughtily moisten and rub the nipple on her right breast, as suggestively she licks her lips. What a tease!

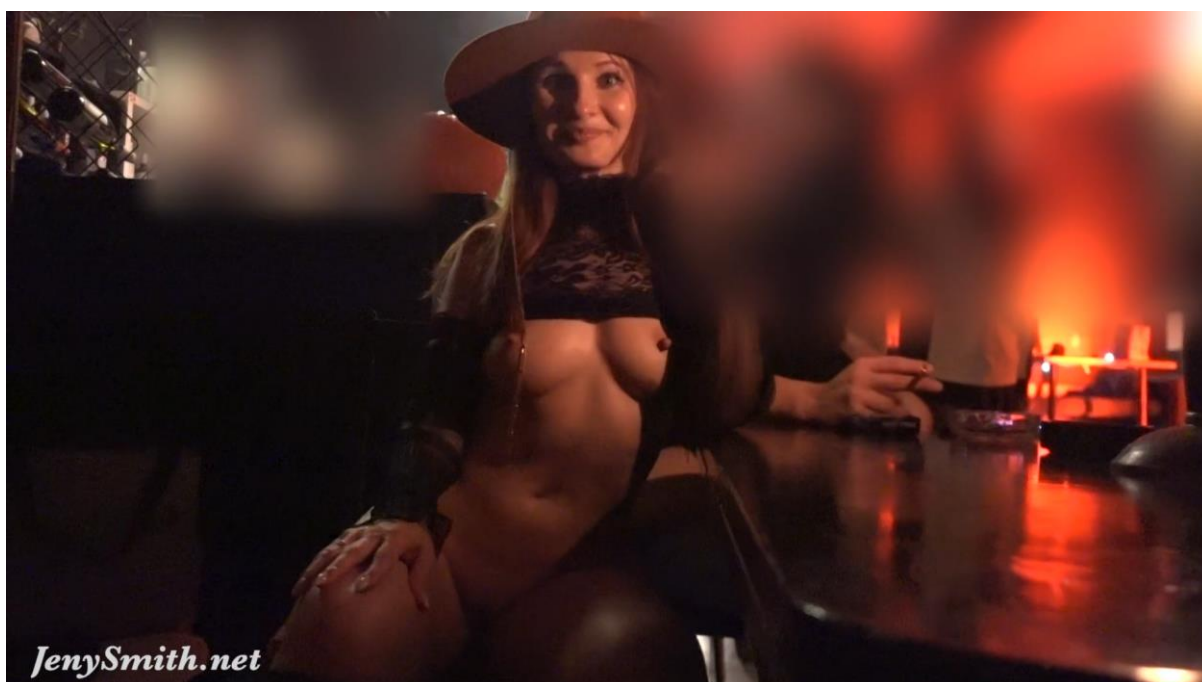

We see Jeny talking to someone. The subtitles tell us she has been caught flashing by a couple! The man moves in to sit very close to Jeny's left-hand side. He says he can help shield her from prying eyes. What a clever line to use to get so close to Jeny!

A discussion ensues about why Jeny is dressed as she is. Jeny is embarrassed at first but then she tells him she enjoys flashing. The man turns his head away slightly to light a cigarette and at that moment Jeny lifts her top to expose her breasts. The couple don't notice! Alex mentions it and at first they think he is referring to Jeny not wearing a skirt. The woman finally notices Jeny's naked breasts and tells the man not to look.

Jeny is now in a naughty mood. She quickly stands up and drops her pantyhose exposing her pussy and thighs.

The camera shows the obscured figures of the man and the woman sat behind Jeny. The woman seems to be sat on the man's lap so their attention is diverted.

Jeny pulls her pantyhose partly back up her thighs to her butt. She then realizes she will need to stand up to pull the pantyhose up fully. She does so quickly but can only pull them partially up and she rips them by doing so. She clearly thinks – what the heck. So she stands up properly to pull the pantyhose up fully. But that's not all. She turns around to face the couple to show them the rip in the pantyhose!

“Fuck, you have no panties” says the man who says “Fuck” again as he also sees her pussy. Jeny nonchalantly sits back down facing the couple. Another man asks if he can sit down (meaning I suspect he has also seen what Jeny has been doing). At that point the talking is blocked out and there are no subtitles so presumably there were private discussions.

During this time Alex continues to film but this time more openly as the camera light is on, The cameras films from the side and also beneath the table and with the light on it is able to take better shots, We see between Jeny's open legs, her pussy encased in pantyhose and Jeny adjusting the stockings.

Even though the picture quality is not up to usual high standards, this video still manages to show us Alex and Jeny out at a nightclub clearly having a good time.
