First things first, it's my privilege to be able to review this masterpiece of erotica. We get some idea of what is coming up in the video from reading the foreword by Jeny. She describes attending a lecture where she realised that having sexual relations with a man or woman was equally attractive and she was capable of loving either sex. A lesson we are about to witness!!!

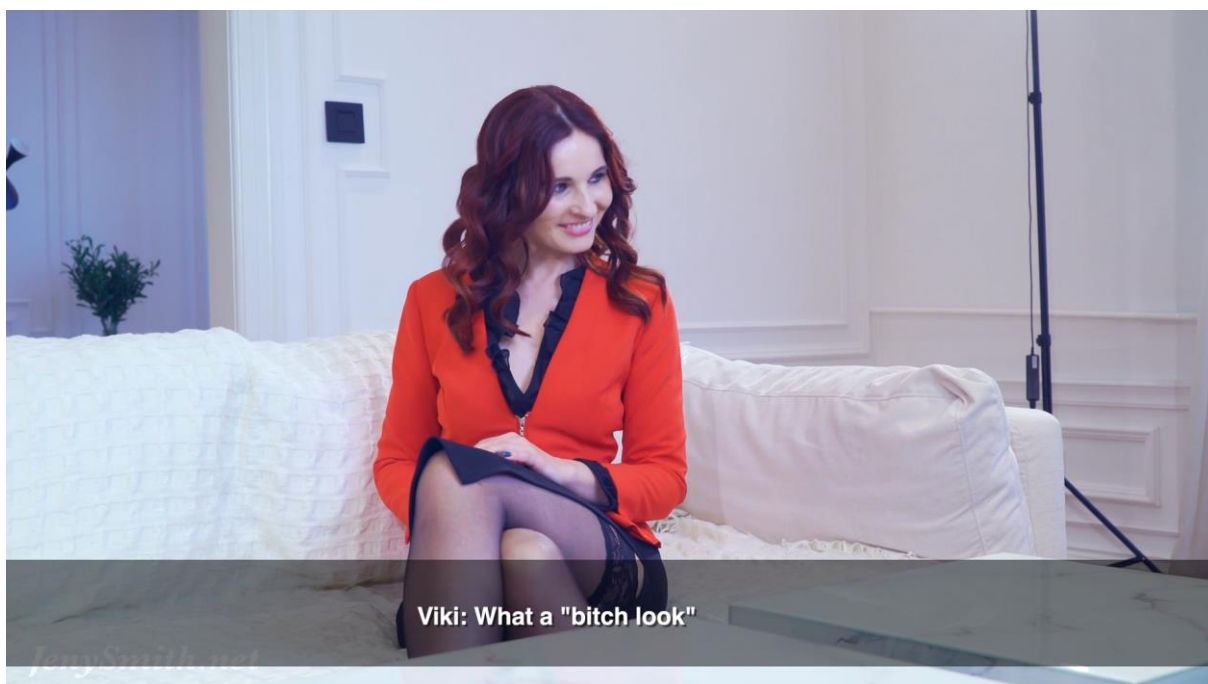

I'll start with my usual beginning with a brief description of what Jeny is wearing but will also include the outfit that Viki (there appears to be some confusion as to the spelling of the photographer's name but I will use Viki as used in the tags.) Jeny looks stunning with her hair dyed a glorious reddish auburn colour with curls. She wears a below the knee black skirt (unusually long for our Jeny) but she sits down revealing a split that shows she is wearing lace topped black stockings and above that she has a black blouse and to finish the ensemble is a bright red jacket.

Meanwhile Viki has gone to town! She is sporting a very short haircut with the bright red lipstick which compliments her pale flesh, she is almost the opposite of Jeny with her white blouse, a very short leather skirt and seamless almost black fishnet pantyhose and high heeled black shoes (forgive me! I forgot to add Jeny's footwear), she has her favourite Christian Louboutin very high heels with their trademark red soles. The scene is now set!

We start with a normal professional shoot (well it appears to be, (I'll leave it to Jean Jacques to correct me if I'm wrong) with Jeny showing the world that she's number one when it comes to being sensual. She could melt the lenses. The first few shoots are of Jeny sitting on the couch with stocking tops on show Viki fusses about with Jeny's hair until Viki suddenly says to Jeny 'what a bitch look'.

Jeny laughs at the compliment but we are instantly aware of the growing chemistry between the two ladies. There is a sophistication absent from her meetings with the young guys she has posed with.

As the shoot continues, Viki asks what Jeny is wearing beneath her skirt. Jeny simply shows her to which Viki sighs with pleasure.

Jeny poses with a vase of baby's breath and using it as an excuse Viki brushes them out of the way and 'accidentally' brushes Jeny's nipple. She immediately flops into her chair and fans herself!

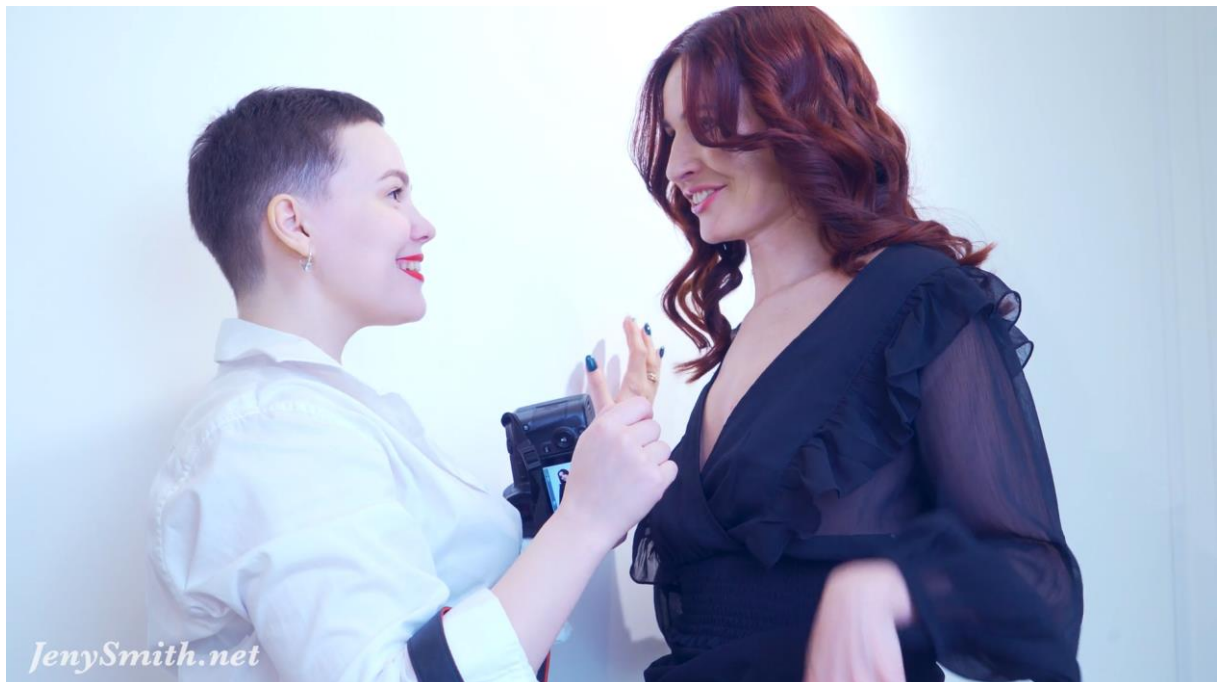

The jacket has gone and Jeny is posed against the wall, her skirt pulled up exposing her fabulous pussy lips again with only a smudge of a landing strip above them.

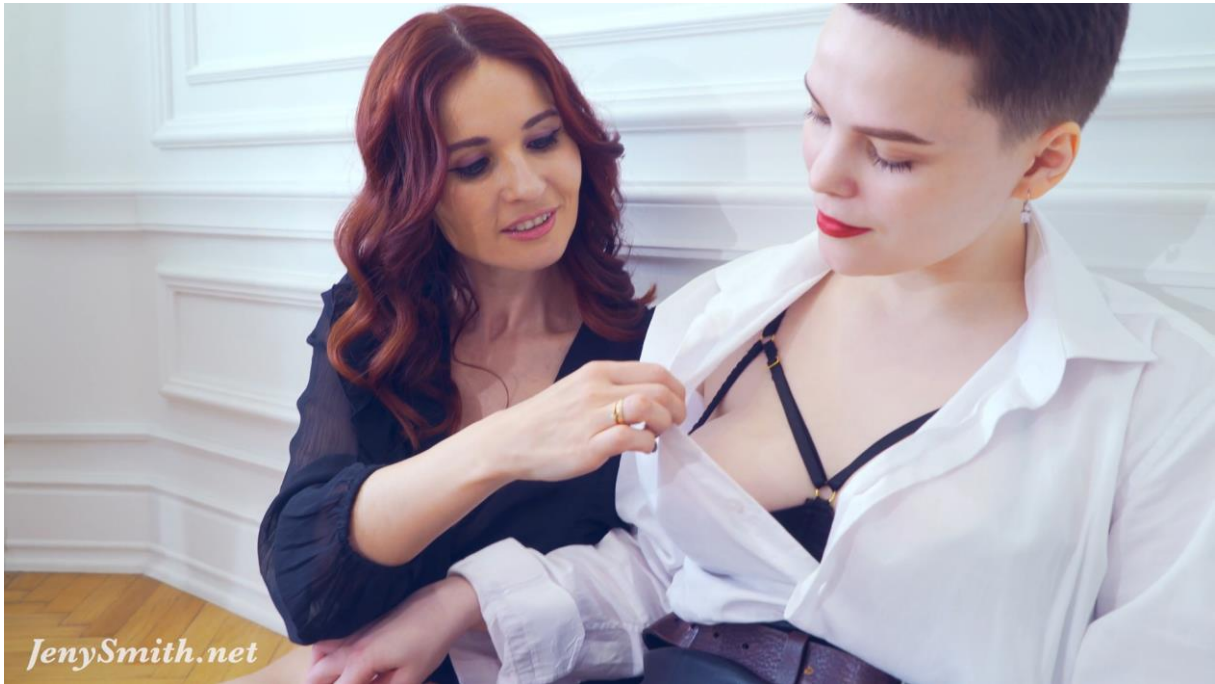

Viki is too busy snapping away to notice Alex has the video camera pointed up her skirt. Once again we see the difference between the two ladies as Viki has a black g-string, something rarely seen on Jeny.

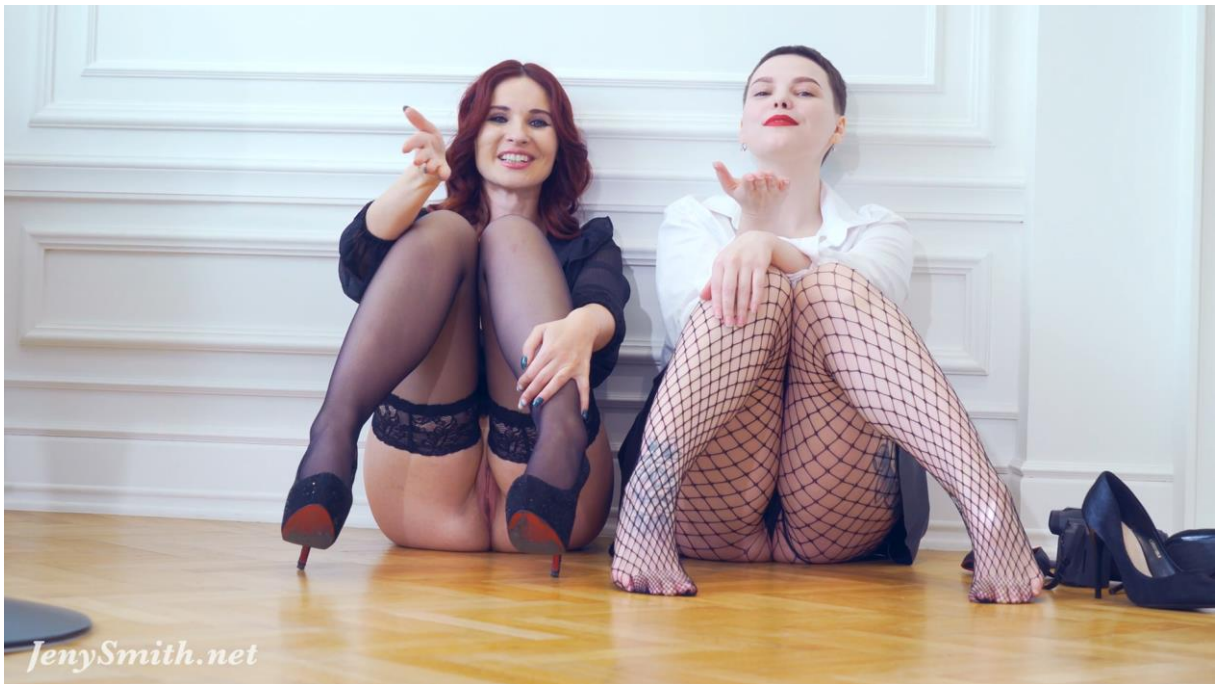

The clicking of the camera exposure button becomes almost a blur as Viki unashamedly tries to capture the perfect photo of Jeny. This continues until the need for a break....

Viki and Jeny relax together on the floor, neither one bothered by Alex filming them as Jeny traces the outline of Viki's bra whilst Viki plays with the top of Jeny's stocking top.

They finish their acts of intimacy by blowing kisses at their adoring audience.

Cut straight to Viki showing the next pose she requires of Jeny and the pose she wants.....

.....Jeny on the bed with her ass in the air. A pose that will look fabulous as Jeny is naked below the waist. With one last brush of Viki's ass (had it really got so dusty, Jeny?!?)

The atmosphere has changed again as Viki gets closeups of Jeny's perfect pussy, then more of Jeny looking over her shoulder.

Viki tells Jeny to use a finger on her pupil as she runs her finger the length she senses her wetness and drawing it back we are treated to the start of Jeny getting aroused.

Now for a first as Jeny lies back on the bed with her legs spread wide she lets Viki play with her pussy, the wetness being very obvious now. They exchange looks that can only be described as wanton...

I don't think that I've been as aroused as I was when watching this momentous event. My pussy as wet as Jeny's. Sorry I digress!

Viki is now standing astride Jeny (now naked) as she is rubbing her clitoris as she stares up at Viki's skirt (we can only imagine what is going on in Jeny's mind as she gets closer to her orgasm).

There are moments when you will be convinced that they are about to share a kiss (and I'm sure that off camera they may well have) but I believe Jeny is a woman who has a strong desire to keep something special (comments welcome on the subject ).

Having cum, Jeny rubs her wetness and then to the climax of the session (no pun intended) as the last few photos are captured, we who have seen the photoset will already know what that substance is all over Jeny's chest.

I think that will always be a highpoint for Jeny and for the 2 seducers. If this had been at Covent Garden there would now be a standing ovation and cries of encore as the 3 of them take a curtain call.

Well that's how perfect it was.

Poka poka.
