Running time: 12 minutes 40 seconds

This is the continuation of Jeny's latest YouTube video

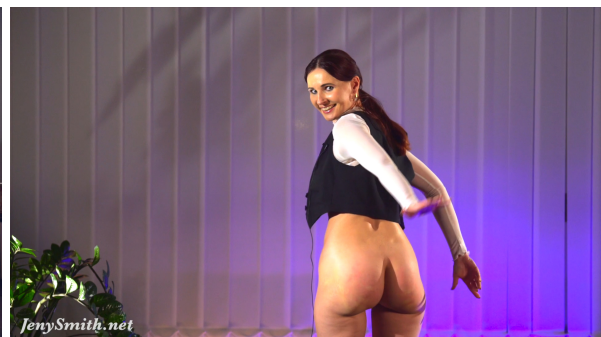

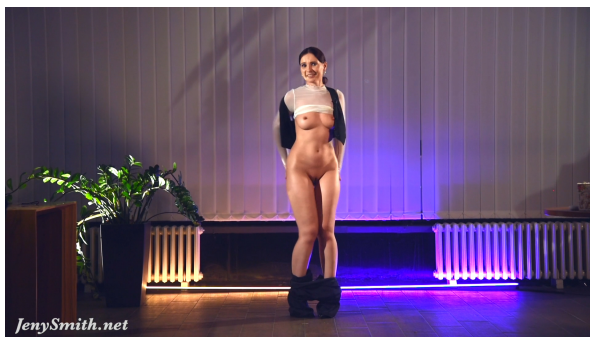

(<https://jenysmith.net/post/191421/if-you-havent-seen-the-full-blog>)

and is definitely NSW as we will shortly find out!

The video begins where the YouTube video finishes with Jeny reminding the audience to watch this video and also mentions future blogs including one that certainly interests me (an all girls video!)

Jeny wears a pair of very tight black trousers, black stilettos, a black waistcoat beneath which is a white long sleeved top. She reverts to her native Russian having spoken English in her preceding video.

Jeny's first actions are to start to pull her trousers down, stopping briefly to spank each cheek but sensing we (her loyal members) won't be satisfied with that she returns to pulling the trousers down and as she wears no panties we see her tiny landing strip and smooth pussy lips straight away.

Jeny is worried that she won't satisfy us with merely being bottomless. She unbuttons her waistcoat to reveal a gift from my husband and I and the gift does little to hide her gorgeous breasts and those fabulous nipples (although being sheer is not enough for Jeny) up comes the top so her hands contact with her bare tits.

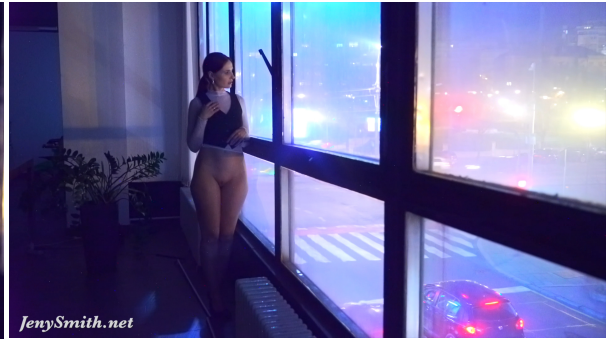

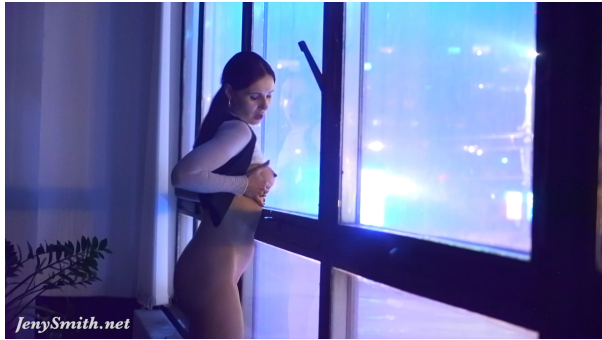

'Please don't punish me', she pleads with us 'wasn't my English good enough!' (as I told you earlier she speaks English throughout the youtube section). 'I can jump for you' she says as she gets her fabulous breasts to jig up and down.

Realising that we will expect more Jeny turns her back to us and precedes to spank each ass cheek to the point where she needs to 'ventilate' her butt, which means to her audience that her cheeks are spread wide. Jeny then asks us a series of questions about her 'holes' which includes some suggestions for her next appearance on the youtube channel such as sitting with a vibrator inserted whilst reading from a script better still 2 vibrators one in her pussy and one in her ass!

Jeny then sits on the red 'barber's' stool (made famous from her hairdressing series) and masturbates. Then the scene shifts. Jeny has moved the blinds away from the full length windows and now the studio is lit by the street lighting and Jeny stands by the windows and again masturbates whilst the rush hour traffic can be seen stopping by the junction below. (Goodness knows how there hasn't been a major accident beneath the studio!)

Jeny reaches her climax and the screen turns black as another wonderful video ends.

Poka poka until the next time.
