Running time: 53:50 minutes.

Jeny remembered it had been a long time since she had last hired a personal driver. This video is a repeat of an idea used some years before. However, in typical Jeny fashion her idea will end up developing in a different and unexpected way. Read on to find out more.

We first see Jeny sat quite demurely in the back of a car. Her hair is in a ponytail, she wears a short red jacket with brown quilted sleeves and we see from the vast expanse of leg on show, that she is wearing a very short black mini skirt. The sub-titles explain that she has spent two days driving around in the car with the driver, behaving herself (that is she keeps her clothes on) to find out what sort of personality the driver has.

We learn later that Jeny has her 360 degree camera with her which is placed between the front seats to give pictures of both Jeny and when needed of the driver, in a small picture within the picture. She also wants to get the driver used to her camera.

The sub-titles explain she is going to prank the driver by pretending to be a rich woman who uses the car to have sex in it with strangers in the night. What an interesting idea.

Then comes the night of the action. The camera now shows Jeny again sat in the rear seat of the car but this time she is on the opposite side to the driver. She is also dressed differently. She has a short grey overcoat on and although she still shows a lot of her gorgeous legs, she now wears black knee high boots. She wears her hair down in loose wavy curls.

We are told that the driver didn't speak Russian (although the navigation system did) so Jeny was unsure about flashing him (at least at the beginning) because of the difficulty in communicating with him. She would have to try speaking with him in English.

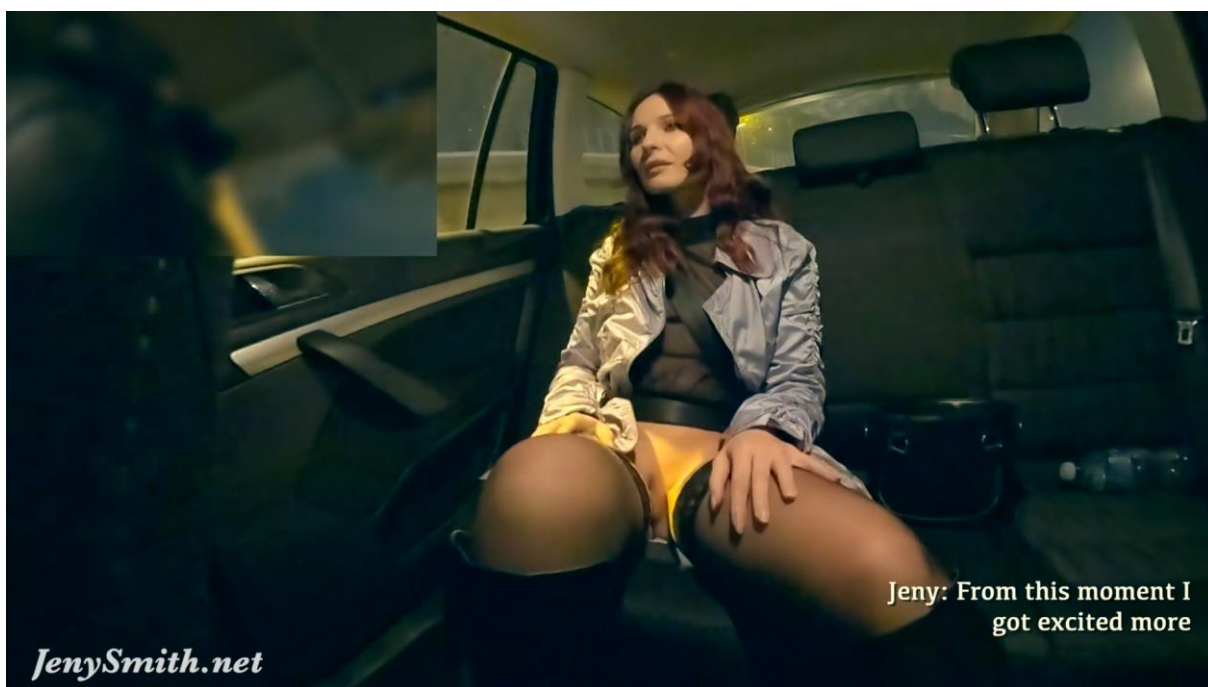

However after a while and after having checked with Alex by text, Jeny seems a little more confident and tries to flash the driver and getting his attention by opening her legs. We see her pussy, naked except for the few hairs of her landing strip.

But, the driver doesn't seem to notice. The rear view mirror seems to be focused on Jeny's face so does not see what is happening down below. Jeny gets more brazen by not only opening her legs but also raising her left leg.

Jeny continues with her flasing for some minutes. She then unzips her overcoat. We see she is wearing a dark sheer see through top. The sub-titles tell us her thoughts and explain that she is now starting to get excited by what she is doing.

She wants him to see her. Fans of Jeny know well that she often puts on a very naughty show when she knows she is being watched. That would mean we are likely to see her getting very naughty on the back seat!

After a short while, Jeny simply cannot stop herself. First she caresses her breasts. Then her hand wanders down to her pussy and she rubs it gently. Two definite signs that things are soon going to start to get very hot in the back seat.

Jeny then pulls her top up so her naked breasts can be glimpsed. A short while later she asks the driver to stop where there are a small group of people. Shortly after she tells us she thinks that the driver has just noticed that there is something wrong with her outfit and the enigma that is Jeny now feels shy that he has noticed. Thankfully for us, that feeling does not last long. She bares a breast. Then both of them.

Jeny is slightly nervous about being seen by passers by as the rear windows in the car are not tinted. Cautiously, while looking around she raises a leg and has another rub of her pussy.

She then has something important to tell the driver so checks on the translator on her phone how to say it. She then tells the driver in her best English (with that sexy accent of hers) that he is to stop as she wants to get out and go around to the driver's side and she wants him to open his window and video her. The driver of course agrees.

We see Jeny outside by the driver. "Oh my god" he exclaims. She has opened her coat and teasingly we see her bare lower stomach and her pussy and landing strip. The driver clearly wasn't expecting that! She laughs and walks around a little as she enjoys flashing the driver. He is now enjoying things as well and the show Jeny is putting on for him.

As Jeny gets back into the car, the driver tells her she is a brave woman. Jeny feels emboldened and thinks of an excuse to turn around to look over the back of the rear seat. Really, she just wanted to give him the chance to look at that fabulous butt of hers.

Jeny sits back down as the driver pulls away. She sits quite brazenly on the back seat with her legs open and her naked breasts on show. She flicks her nipples to make sure that they are at their perkier and she runs her hand through her hair. She has a grin on her face. She really is enjoying herself now.

From time to time Jeny hurriedly uses her coat to cover up as they pass people who might be able to see what is happening in the car. But she soon uncovers herself and we now see the driver takes his chance to look around at Jeny to see what she is getting up to.

At just about this time Jeny plays with her pussy and tells us she has noticed how wet she has become, a sure sign that she is really enjoying the ride in the back seat of the car.

Jeny also tells us around about then that the fact that the rear windows aren't tinted is now spicing things up for her, because it has increased the chances of her being seen being naughty in the back of

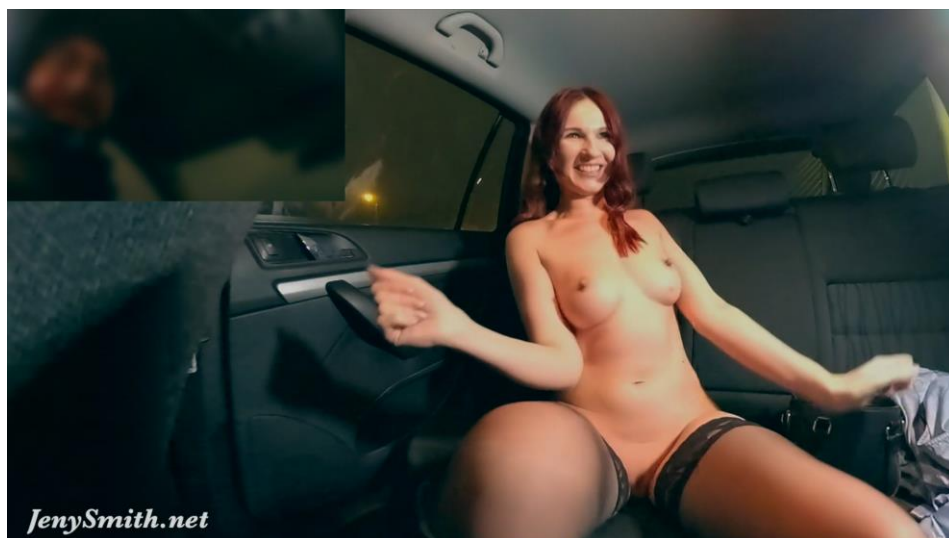

the car by passers by. She also admits she has a fetish about sitting with her legs open in the presence of an unknown man.

The sub-titles tell us Jeny is about to move onto the next phase of her plan. The driver has stopped the car where she has asked. She turns on the interior light as she pulls her top up once again to expose her breasts and her legs are still open. They are about to meet Alex and they will pretend to be strangers! She plays with her pussy again, with a huge smile on her face...

...and once again turns around to look over the back of the rear seat to show her butt to the driver.

She checks and finds he is looking more closely at her now. She makes her intentions even clearer. She tells the driver in English with that sexy accent that she wants him to look at her as she makes an X-rated movie. When asked what he should do the driver is told he simply needs to watch her. He adjusts the rear view mirror so he has a better view of Jeny. What a lucky man! She takes her top off and shakes her breasts at the driver.

Meanwhile Alex has approached the driver asking for a cigarette. Jeny tells the driver she wants to speak with him as she heard him talking in Russian. Of course, the driver doesn't know they know each other and is surprised that she wants to talk to him. There is some discussion about whether or not Alex could be a maniac!

Jeny talks to Alex/the stranger through her open rear window and he is invited to join her on the back seat of the car. She says (for the benefit of the driver) that she is playing a game and wants to make a video for the benefit of her husband! So Alex/the stranger joins Jeny.

After some initial teasing, Jeny passionately kisses Alex/the stranger as she is caressed intimately.

What then follows is ten minutes or so of the hottest action. Jeny gets so turned on and can barely stop herself from giggling with nervous excitement and enjoyment. I'll let Jeny describe what takes place. These are some of the words she uses to describe the action in her subsequent bulletin about the video being released, as she thinks it is her hottest video of the last two years:

"The pranking idea was to give a blow job to Alex in the back seat, making the driver believe Alex was a stranger to me.

But the whole concept went too hot... I got turned on very much while riding in the night, getting naked in the back seat. I even asked my driver to make a video of me walking naked around the car. All of that made me very wet.

When we picked up Alex, I was burning to do something naughty. I started giving him a blow...

And then Alex told me to ask the driver to hold the camera, and I did it!

I WAS GIVING A B-J WHILE MY DRIVER WAS WATCHING ME!

I never did it before in my life. And then Alex ordered me to ask a driver something while my mouth was busy... I did it with my mouth full...

And the whole situation turned to actual penetration.

And the last, the hottest scene was after Alex finished; I told him to get out of my car, and I sat in the front seat with my face covered... and I talked to my driver, having it on my face!

Oh, my god! I can't believe I did it!"

Neither can I Jeny, but I'm so excited you did. This is definitely a video not to be missed!
