

Review for video “A Bra Thief”

Tags: thief, bra, night vision, dark; Published: March 28th, 2024

Running time: 46 mins 10 sec

The video begins with us all in the dark, and this is before the action begins because the introduction by Jeny is only available to those Russian speakers amongst us, which is a shame as it sets the scene. Never mind, I'm sure we can work out what is going on.

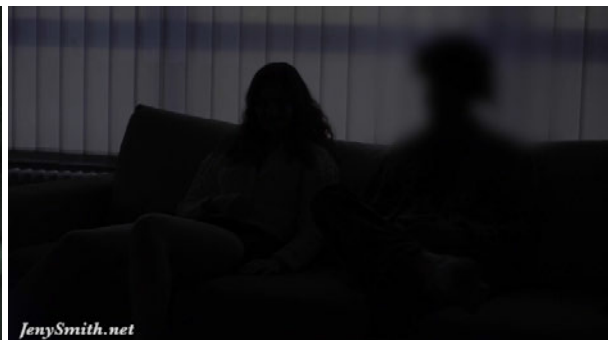

Now we see that the studio is in complete darkness as Alex tells the victim they are suffering a power failure, which they (the workers!) will have fixed in around 10 minutes. They will have the power back then, so no need to cancel the psychology course that has been arranged.

The victim is led through the lounge and told to take a seat, with Alex apologising again about the power outage. He leaves the room only to return with Jeny. She is wearing a relatively long skirt, a sweater and a pair of black stilettos. She's guided to the same sofa and sits next to the victim.

Alex has set up the cameras differentially this time so that one will replicate the human eye gradually becoming accustomed to the darkness and the other set up as an infrared so that we can see Jeny and her games

Alex leaves them alone in the studio, and the victim is quick to point out that he isn't a maniac (a slightly bizarre thing to say first, but Jeny laughed, and during this conversation, she managed to ease her skirt up until her bare pussy was exposed. (to us but not to V; I'll refer to him as V for the victim from now on)

We get a shot of what V can see every now and then (just silhouettes, Jeny's hair, the sofa, etc). The next move by Jeny is to unbutton her sweater, revealing her sexy bra beneath, which, with her shirt, is swiftly removed! Jeny now only wears her skirt, which is pulled up around her waist.

V and Jeny continue to whisper in English with only an occasional subtitle, giving us an insight into what they are talking about (welcome to my world; I'm profoundly deaf and depend on subtitles or my husband to sign to me), but that's a minor complaint!

In the meantime, V's eyes were getting accustomed to the darkness, but he decides not to say anything to Jeny (what would you say or do in the circumstance?) V decides he will try and record the moment on his phone! But before he can do anything, Jeny moves so that her fabulous body is pressed up close to V to see what he does next! And the result is that he gets his phone out

V shows why he will never be a master criminal because he forgets that the phone both lights up and makes the sound of a camera shutter! And while he's fiddling about with it, Jeny has been fiddling with her clitoris

Next to come off is Jeny's skirt, leaving her naked but for her shoes and we know how Jeny loves to be naked in front of strangers and now all pretence of normality is forgotten and soon Jeny is showing us why she is known as Queen of the tease as she dances and poses for V to video. When Jeny suddenly grabs her bra and throws it over V's lap.

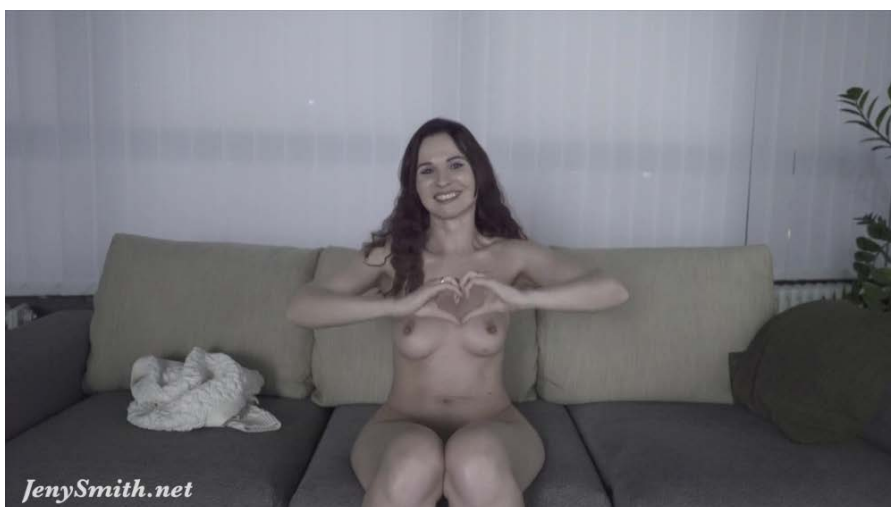

V shows why he isn't the sharpest tool in the box when after inspecting it in the box, and after picking it up he says to Jeny, 'Is this yours?'

The next few minutes are slightly surreal and I'll leave it up to you to find out the significance of the video's title

Until the next time poka poka
