

## Review for video “My Cold Thing”

Running time: 34 mins 37 secs

The video begins with Jeny walking across a windswept landscape; we notice immediately that, for all intents and purposes, she is naked below the waist! Yes! Jenny has a black strappy t-shirt doing its best to pass (and failing) as a dress. Over this, she has a denim sleeveless jacket, dangling from her neck, is a beautiful lime green necklace. Jeny has a small case (its contents remain secret for the time being) slung over one shoulder. Her one concession to comfort is her walking boots!

Jeny walks across the barren landscape, she has long since given up on pulling the hem of her dress down and so we get constant views of her beautiful butt and perfect pussy. She points out a herd of cattle and wonders whether the herdsman can see her.

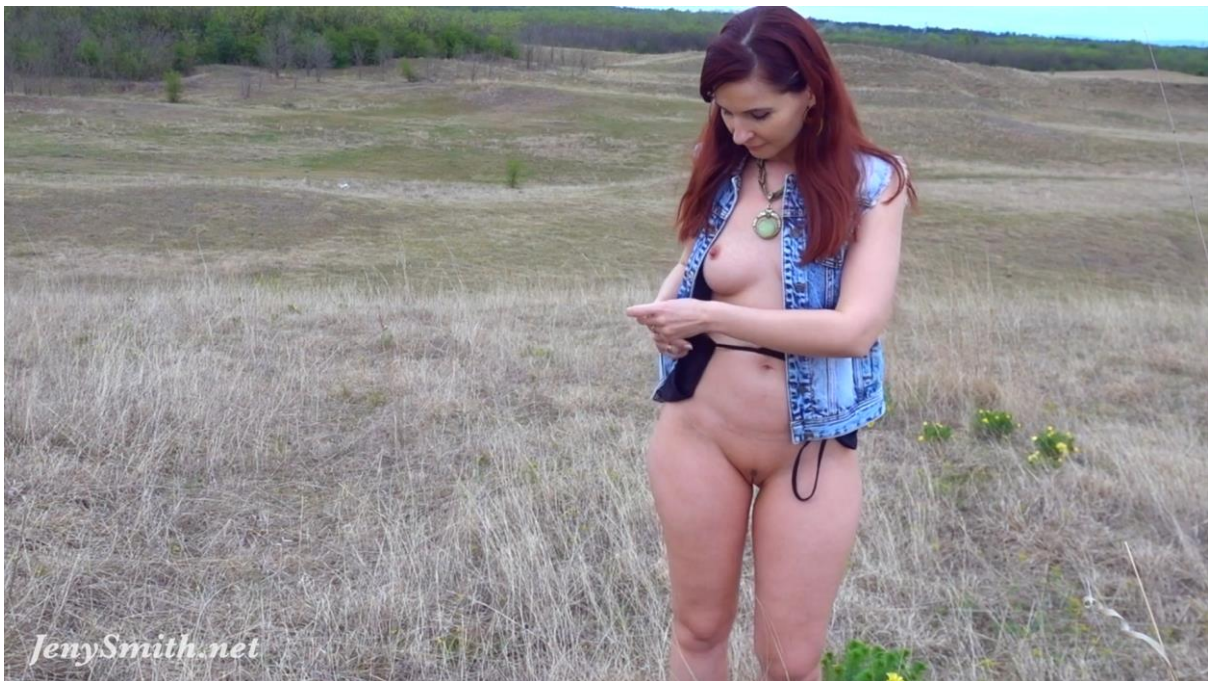

There's a slight detour while Jeny explores a disused well. Then, onwards to her final destination. We finally get a look inside the small case, but all we see at this stage is Jeny getting a small cream blanket out and laying it down on the ground. The plot thickens as Jeny zips up her case and leaves it behind. This is obviously a planned move, but we'll have to wait to see the significance of it.

Jeny continues onwards until she turns to face us, and then off comes her jacket and then her t-shirt/dress is removed, leaving her naked. Automatically she caresses her magnificent breasts.

Checking her surroundings, she puts her jacket back on and ties the dress around her waist.

Again, she walks onwards until Jeny finally reaches the spot where we get to discover the contents of the suitcase. The first items are 2 leather armlets which when in place will attach to a third leather strap that is tied around her neck.

Jeny then removes a plastic bag which contains a large metal hook with 3 balls on the shorter side of the hook and the longer end of the hook is a circle which will be attached to the collar.

I'm sorry for not knowing what the correct names for the equipment are. I understand fully what each piece does. Safe to say that when all the pieces are connected we see Jeny in her first set of self-bondage and anal hook walking alone in just her denim sleeveless jacket. The last item she takes from the case is her favourite pink vibrator.

Jeny is at her most daring now as if anyone catches her, she won't be able to hide.

Jeny slowly walks back to the spot where she left her blanket and laying down with her beautiful butt up in the air proceeds to use the vibrator to bring about the first of 3 orgasms.

The wonderful thing about Jeny's adventure is that we know exactly how she feels throughout in that Jeny has written a blog, <https://jenysmith.net/post/192197/i-will-answer-here> which describes in great detail what her mindset was.

So by the end of Jeny's video, you have a third party account (my review) a first party account (Jeny's statement!) and the visual account (the video).

I suggest you start with my review then watch the video and finally read Jeny's blog.
