Jeny presents her new game. Jenga. This is a game in which players gradually remove pieces from a tower and replace them at the top until it finally loses balance. She will be accompanied by an accomplice, Lilly and together they will trap a boy named Dima. At the same time, Jeny will receive orders on her phone, which she will have to carry out without knowing them in advance. Once everyone is in place, Jeny tells Dima that she'll be hosting for a real game podcast. Note that Jeny is wearing tights under a mini skirt and a white t-shirt under a sleeveless jacket.

The games begin with the tower pieces as Jeny pulls up her skirt to show us she has no panties on.

While Jeny was looking at her phone, Lilly dropped the tower. Jeny picked up the coins, her ass in the air, but Dima hadn't noticed anything. Just then she received a first order by text message and left the room for a very special reason. She returned without her skirt and another text message arrived telling her to pinch her nipples.

The orders follows another like moaning with pleasure and sucking her finger. The tower has fallen again and Dima has just noticed that Jeny no longer has a skirt. She's now looking for physical contact and Dima is getting confused. The next order is to take the coins the teeth and then Lilly leaves Dima and Jeny alone. A game of flirtation begins and nudity become part of the conversation before she announces her game with the text messages following a lost bet.

After leaving, Jeny returns without her tights and the erotic temptations multiply. She takes off her jacket and explains to us that being almost naked next to clothed people excites her enormously. Dima's face turns red and he doesn't know what to think, how to react.

Jeny gets closer to Dima and the contacts are very explicit. Jeny continues to play and she follows all the orders received by text message. She has just knocked down the tower and the game is getting crazier and crazier. Jeny becomes "submissive", walks on all fours and even asks to be spanked.

The game is over. Jeny and Dima are sitting on the couch and they exchange their impressions.

A final punishment has been inflicted on Jeny that you can see by watching the video.
