

Review for video “A Handy Man and My Pulse”

Tags: handy man; Published: 19 June 2024

Running time: 38mins 01secs

First things first, this has used technology to show us Jeny's pulse rate during this exercise as well as other indicators that show Jeny's emotional state. They will appear in the left hand corner of the screen and I won't explain further as Jeny explains it at the start of the video, I digress, back to Jeny, the video takes place in the studio and the scenario is that Jeny is going to present a news story as soon as the handyman has finished, this explains why Alex is sorting out the lighting etc and the reason for the visit is that they have a problem with traffic noise interfering with sounds being captured on film, there is something I've forgotten to mention.

I remember now what it is I've forgotten and that is what Jeny is wearing, She has a white long sleeved jacket with a wide belt and apart from high heeled shoes that's it! She is naked beneath her jacket and the belt is the only thing keeping it under wraps!

The handyman arrives and he is shown where the problem is whilst he looks at the area Alex is catching Jeny's attention and motions to her to open her jacket, Jeny is sitting behind her desk and pulls her jacket open so that her beautiful breasts are now visible to the handyman if he should just turn his head in the right direction!

Alex leaves them alone and now the teasing really gets started. They have started a game of cat and mouse with both of them thinking they are in charge! The handyman makes the first move by asking if Jeny can move the blinds out of the way. This of course means that Jeny must stand and in doing so she reveals her secrets.

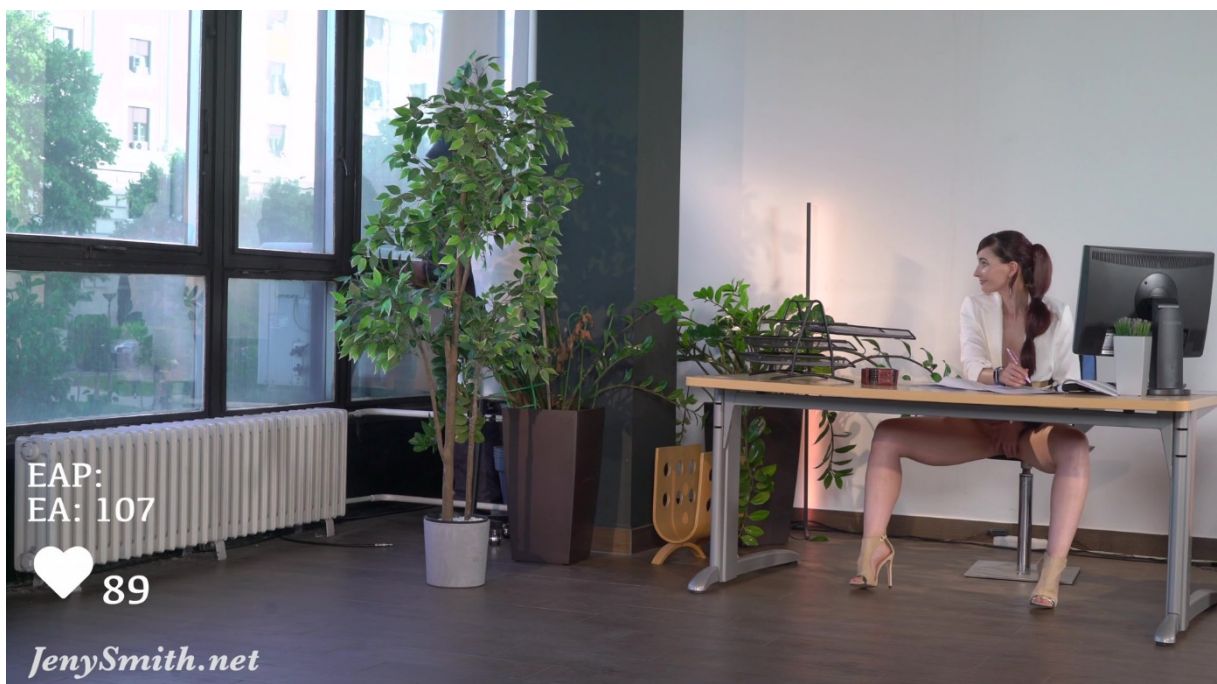

They return to their original positions and they do so without further conversation between them (is that the end of the game between them)

Any one who knows me well, will know that it's a rhetorical question! As we know Jeny well enough to realise that there is nearly always more to come!

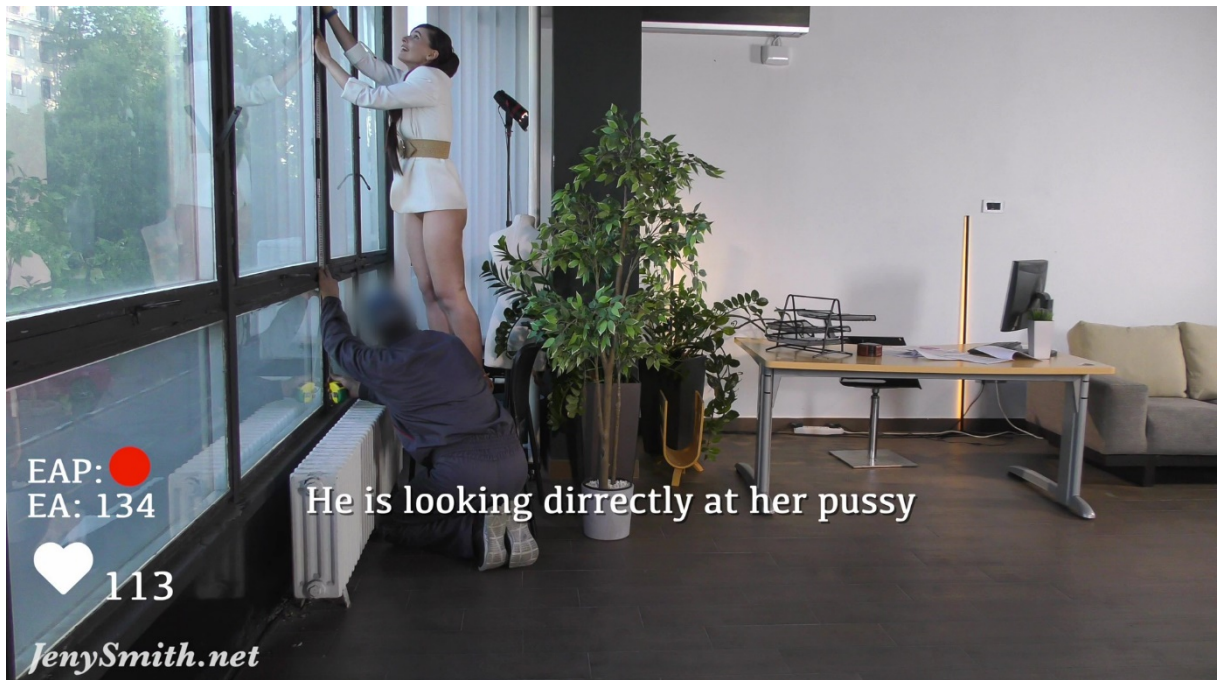

So the games begin again, the handyman asks Jeny if she can get a ladder for him, he ignores Alex. So Jeny gets up to look for one and in doing so exposes her bare butt. The handyman will have to make do with a chair. So Jeny again goes back to the desk and he gets on with measuring. It's then that Jeny reveals her secret!

For those of us who are lovers of the completely shaven look are in for a treat (and I count myself amongst them) for the first time this year Jeny is bare in the place where it matters most. She spreads her legs wide apart and strokes her perfect pussy.

Meanwhile the handyman thinks up another plan to get Jeny out from behind the desk.

He tells Jeny that he is worried that the chair might not take his weight and would she help him measure the windows by standing on the chair and holding the tape measure up, which, of course, means Jeny's jacket is pulled up at the same time. As soon as Jeny is upon the chair and stretching, he is looking at her pussy which is at head height for him!

Jeny knows exactly what is going on and stretches even higher. At last all the windows are measured and Jeny stands in front of her handy work and the handyman finally comes out with the obvious, saying to Jeny "you're naked under your jacket!" Her reply is that it's very hot to which he replies "you're hot ".(he's clearly the master of the understatement) he has just to finish off in the corner. Meanwhile Jeny has found the pink toy and sat behind the desk inserts it.

All pretence at work has now been forgotten with the handyman pretending to measure the base whilst looking at Jeny and what she is doing!

All on Jeny who is at the peak of her sexual powers. She decides that she wants him to see more and suggests that they move the desk to one side and Jeny says that he can see better now and suggests that he grabs a chair.

Now with nothing to cover that view, Jeny really begins her journey to "nirvana" a trip that shouldn't take long !!

Jeny must live by the motto "practice makes perfect" as she plays with the pink toy. She lies back in her chair with her legs spread wide.

This has to be the most beautiful masturbation scene ever as we watch spellbound. As the Queen of tease is allowing the toy to work its magic. Stopping only briefly to pull her jacket open so that her beautiful erect nipples are free now. She is very close to reaching her climax and with one final gasp she is there!

I don't usually mark the videos but I feel it's only fair that this masterpiece of erotica should be recognised as such with a score of 10 out of 10

There is a post script where Alex is explaining to the handyman what has just happened and we get some ideal views of Jeny's fabulous ass as she bends over
