

Review for video “My Youngest Photographer”

Tags: **young, prank**; Published: 27 July 2024

Running time: 1 hour and 24 secs

I have to say before I begin my review of this video that this is already my favourite film this year. It's also already received many times more thumbs up than down (currently 152 to 2!)

So let the fun begin and it begins straight away with what Jeny is wearing! Those of you with good memories will recognise her top from her first hairdressing video with another girl however Jeny's skirt looks at first glance is a plain black one but almost immediately we see that it has 2 slits from hem to waistband.

Jeny tells us that she has advertised for a photographer to take pictures of her homemade (and handmade!) Jewellery but when he arrives she finds out that he is only 19 years old and as a bonus he is a photographer, which changes the prank details.

Jeny really lives up to her title of Queen of tease as she sets about 30 minutes of bending over (which is when the slits come in to play) and twisting (when again the design of the skirt with its splits allow G to see her pussy!)

Jeny tells G that she is so hot, her legs feel on fire, this leads to her using her skirt as a fan and culminates in Jeny taking the youngster's hand and puts it on her bare thigh and briefly on her pussy.

To the young guy must go a lot of credit in his behaviour. It's only when Alex gets to editing the video that they become aware of the guy managing to take photos of Jeny's treasures

Having teased G for half an hour, Jeny asks him to take pictures of her wearing her earrings. The screen turns black and the following words appear....,,the main actionand so it is!

G is standing waiting for the return of our Queen and we hear Jeny's heels on the studio floor and then she appears. All she wears is the same top but with her wrists now tied to it.

Jeny asks him if her outfit is okay, G replies it maybe too erotic. I will not spoil the second half of this masterpiece by telling you what happens but [if you check the photoset](#) you will be able to see the pictures that G took of Jeny.

It will come as no surprise that I urge you to watch until the end!

So until we meet again, Poka Poka 🙄
