

Review for video “With or without panties?”

Tags: [panties](#); Published: [5th August 2024](#)

Running time: 31mins 31 secs

This video will be a popular one for those of us who love seeing Jeny in outdoor settings. Jeny and Alex are on vacation and they have chosen a setting of real beauty which is only enhanced by the beauty of Jeny.

The first we see of Jeny is when she is strolling along the harbour wall, she is wearing a beautiful blue dress that as we walk with her reveals it's sheerness as Jeny wears her panties beneath.

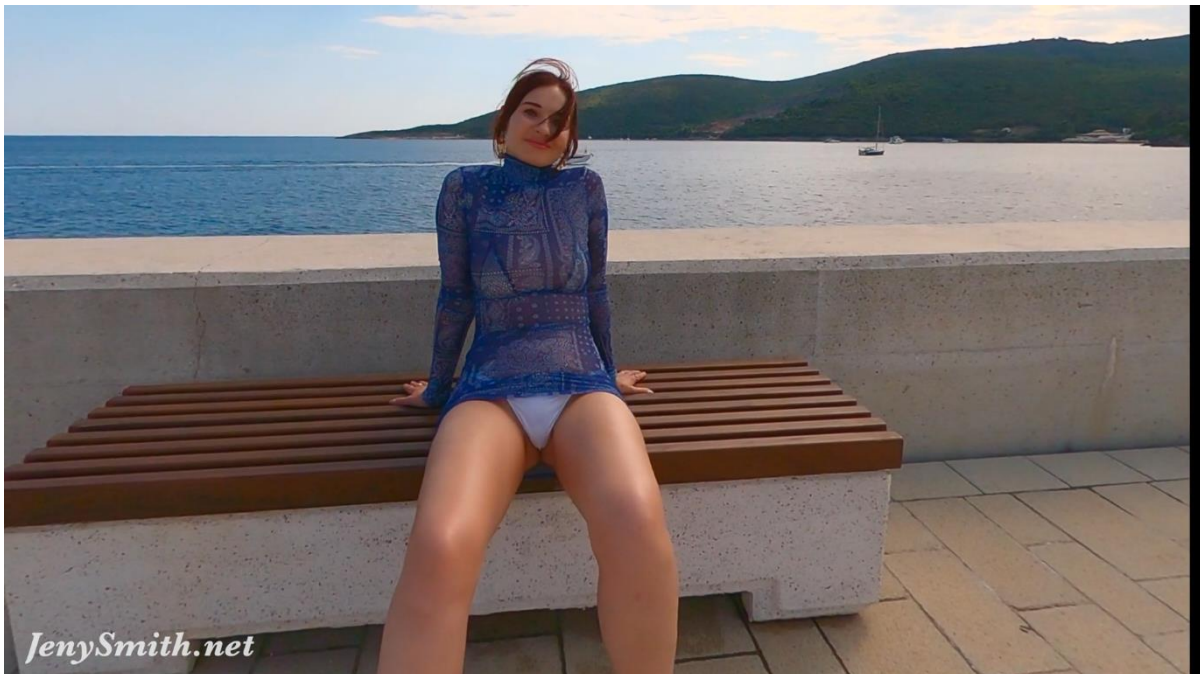

The wonderful aspect of her panties is that they have a thong back and so as we follow Jeny, we are able to clearly see her gorgeous butt.

By the way, the dress has made two appearances in previous videos, the first time was when she wore it in a park when she was only wearing the dress and Jeny was caught several times and the second appearance was when she wore it whilst she and Alex were having passionate sex in the studio! *

As Jeny walks further along the harbour wall, she finds a bench to sit down on ...

and we notice her hands have reached up under her dress and then with a quick look around she removes her panties,

revealing her gorgeous hairless pussy.

Having teased us with her walk wearing panties and bikini top beneath her sheer dress, Jeny retraces her steps only this time she is pantieless and can we spot the differences! Certainly from the back where her bare butt is clearly visible and as her dress rides up her bare cheeks are very visible!

And guess what.....

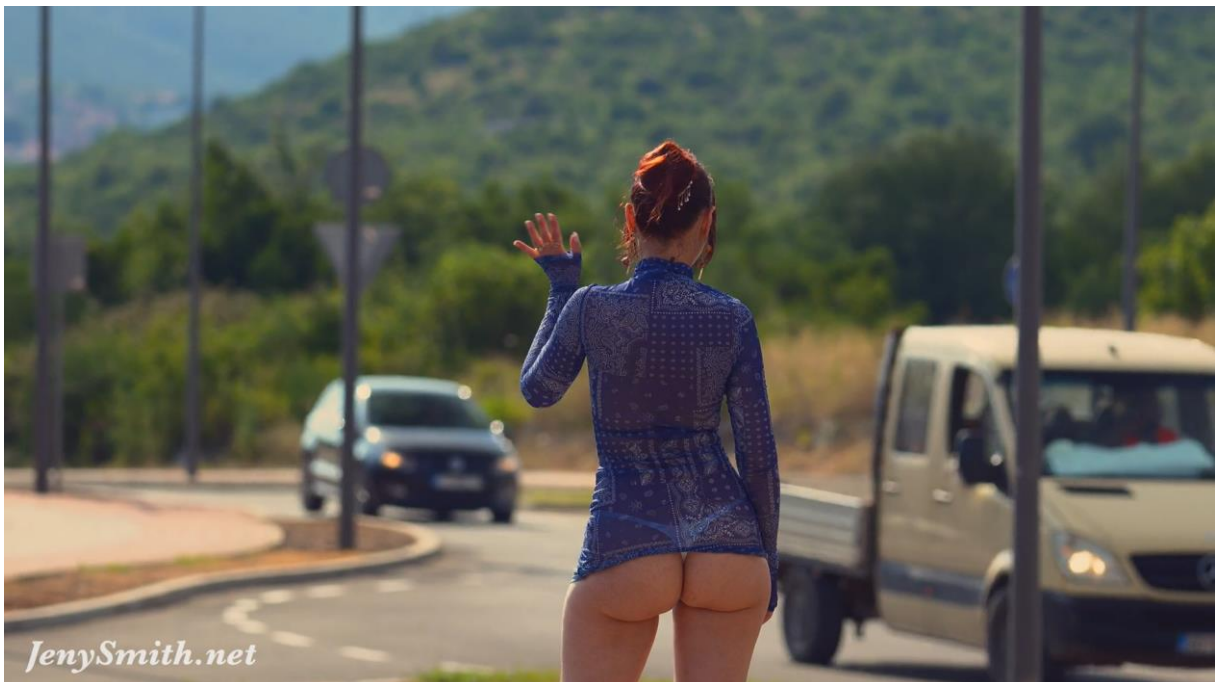

.....Jeny turns around and her dress has also ridden up at the front and her bare pussy is on show!
After a while of flashing her gorgeous smooth pussy and bare butt, Jeny squeezes herself between two small trees and back on her go panties.

But that's not the end!

Jeny has moved from the harbour to a busy roundabout and she is wearing the same outfit as she was before but she is allowing her dress to ride up so to the drivers approaching her, Jeny appears to be just wearing a short, well very short dress and white bikini. The cars slow down with several of them tooting their horns and their reward is to get a friendly wave from the Queen of tease.

Jeny reappears, only this time she has removed her underwear!

So there she stands naked but for a sheer dress and with Alex hidden from view, Jeny really is in her element and when there's a break in the traffic she pulls her dress right up and reveals that beautiful body.

Jeny is really enjoying the attention with an almost constant tooting of car horns, she stands facing us with her smooth hairless pussy on show her butt cheeks now on show through the sheer material of her dress.

We leave our goddess to wave at her adoring audience.

Poka Poka!
