Running time: [47mins 06secs](#)

This video is just the latest in a long line of psychology movies that get hotter with each additional episode.

Jeny is wearing a very short black skirt with a white long sleeved jacket and beneath which she wears nothing else as her jacket is pulled together by her leather belt and does nothing to cover the breasts.

Jeny is sitting opposite Roman and occasionally opens her legs to reveal her perfect pussy but her subject doesn't appear to notice.

As Jeny continues to diagnose Roman's problem it soon becomes obvious to her that the root cause of his problems are with his relationship with his mother. She had kicked his father out of the house when Roman was 9 and he had grown to hate her.

It is fascinating watching Jeny working through Roman's issues as she is trained to do. She is both very happy to delve more deeply but also to allow her subject to talk freely. And she knows exactly what she will do next.

Jeny briefly leaves the room, when she returns the first thing we notice is that she has taken her skirt off! All she now wears is her jacket, belt and, of course, her high heeled shoes.

But then we realise the addition of a collar worn around her statuesque neck with a lead in her hand and a pair of leather wrist restraints

Roman is initially taken aback that is until he is handed the lead that's now attached to the collar and the next moment he is leading Jeny around the studio before she kneels before him and tells him he can shackle it her in whatever way he wants!

Having completed his task, Roman has the world as his oyster! Jeny, with ankles now restrained asks if she can take her jacket off and so receiving permission from her master she is naked and on telling Roman that she is a bad girl she almost begs him to spank her. Jeny is already on all fours allowing us an unrestricted view of her perfect pussy and anus and so the spanking begins.

Jeny is in the mood for a hard spanking and that's what she gets. In between her shrieks every time her fabulous butt cheeks are slapped she tells Roman to spank harder until both cheeks are glowing bright red. Roman needs no persuading to rub where he had previously been hitting.

Jeny now asks if she can get up on the couch with her ankles still tied together, she 'bunny.hoops' her way on to the couch, this time she is laying on her back and she takes Roman's hand and places it on her beautiful breasts.

Jeny is simply the best at doing what she does best. People may complain that it takes too long to get to the 'sexy' bits but that misses the point of how Jeny works. You need to know how Jeny talks to people and how she teases the relevant facts out.

She is telling her client that he is not the 9 year old that resented his mother and that he is now 19 and an adult now and Jeny says that they shared a moment and that her job is done!

We finish with Roman again leading Jeny around the studio, she is naked and she stops by the window and Roman makes her stand by the glass, fully exposed to the passing traffic and spanks Jeny's ass again.
