This is probably the 20th video of the psychology genre and far from being a similar version of others we are about to see Jeny in a different scenario than the others.

She starts by roughly sketching out the plan to a young woman, Lisa the red haired woman in the title who Jeny introduces as an interlocutor (I didn't recognise that word either so I looked it up and in its most simple meaning it's a person who takes part in a discussion) Jeny didn't want to describe Lisa as a client or patient.

Jeny is dressed conservatively as she is quick to point out, on closer inspection this is somewhat open for debate as the split in her long skirt is well above her thigh and shows off the top of one of her black lace topped stockings but the rest of her dress is very 'Psychologist' accordingly and projects a calmness about them and consists of a sand coloured jacket buttoned at the waist and a white t-shirt with a black leather tie whereas Lisa is dressed conservatively as you would expect from a modest person and consists of a long sleeved t-shirt with swirls of colour in hues of brown, a pair of black loose fitting trousers and trainers. However on closer inspection, her t-shirt is sheer at the back and she's braless.

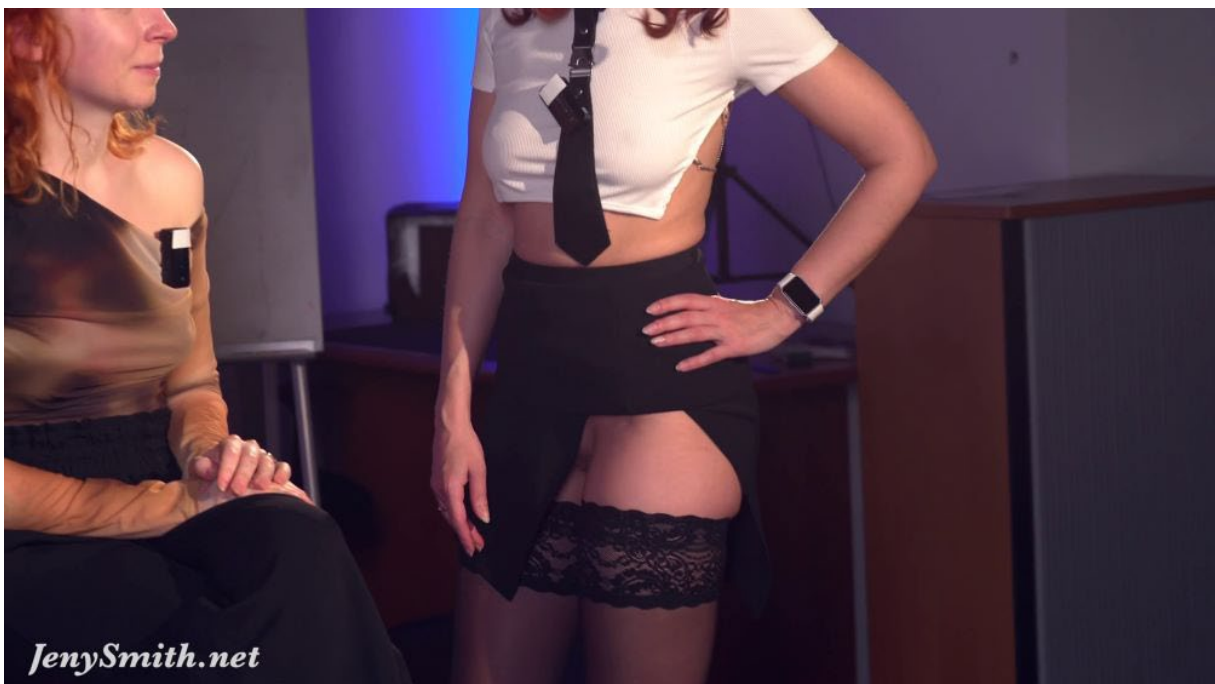

Jeny and Lisa discuss the power that clothes can have on people's perception of us and how much (or little!) we can be influenced by others

At which point Jeny tells Lisa that she wants some attention and does she have any ideas as to the simplest way that Jeny could achieve this, forget about the split Jeny quickly adds. Being as shy as she

is Lisa tells Jeny that no she can't think of anything, to which Jeny simply undoes the button to reveal her bare midriff as her t-shirt stops just below her breasts and to complete the surprise Jeny removes the jacket to reveal the t-shirt is backless and is held in place by a very tiny chain.

Now it's the turn of the skirt and Lisa is asked to improve the skirt by changing the length of it. Lisa is still being modest and barely changes anything, much to the disappointments

Jeny who tells her that she adores wearing very short skirts especially if they show her stocking tops and adjusts the skirt to what Jeny sees as the perfect length. Lisa asks Jeny if she really wears such clothing out on the streets, of course, Jeny replies and demonstrates how she can appear to be wearing nothing too risky just by placing her hand bag over the split. Jeny is surprised to find out that Lisa doesn't own any stockings and explains that she loves wearing stockings with very short skirts especially if they show her stocking tops.

Jeny explains how her fetish (exhibitionism) took hold. Lisa wonders how far Jeny would go, she suggests that Jeny doesn't dare go out wearing just stockings. Jeny tells her that she has walked around the city in just stockings and suspenders! (And if you are not a member then you are missing out on the proof!)

Jeny explains that the first time she went to a party she was naked under her coat and was naturally nervous about the reception would be but she needn't have worried because she was amongst educated people who cheered her as she danced naked and at one stage she was dancing on the bar!

Jeny went on to tell Lisa that it was like cliff divers and when asked why they said it was because of the adrenaline rush and that's what and why she did it and actually needed to do it!

By this time Jeny was stripped down to her heels, stockings, t-shirt turned around, her beautiful breasts and erect nipples revealed in all their glory

To capture the essence of the rest of the video I will only tell you what the general outline of this classic film because I think you find out for yourselves how things develop when Lisa is given a camera and told to capture the moments. And we get to see if Jeny's work with Lisa produces any change in the subject.

All I will say is that once again Jeny lives up to her nickname of Queen of tease. I think that you will find this a great film and will join a long and successful series of psychological studies

JenySmith.net Well, how will you check whether I'm ready for it or not?
