

Review of 2023 – A happy member’s thoughts.

Published: 29th December 2023

These are purely my own thoughts about Jeny Smith’s wonderful erotic site and from my being a member and viewing it during 2023. I have selected a few of my favourite videos and other highlights for each month of the year.

Jeny and Alex and their daughter (and cat) spent the whole of the year in their new country of residence (after having to leave Russia the year before). They also had the use of the studio/offices they had rented throughout the year. So for them, the year was a lot more settled than the previous year although there were still a few ups and downs. Also, they still had to contend with the legal restrictions imposed on adult site operators making it very much more difficult to feature other people in their videos.

I will actually start by mentioning the video that Jeny released on her site as her Christmas present to members for 2022. It was called “Back To Work Outs 2 (Explicit, don't ever watch!)”. It was released on 21st December 2022. I mention it because up to now it is the video that has received the most thumbs up from Jeny’s members – 393 (with only 10 thumbs down). It also provoked 200 comments from members. There are many erotic scenes in it which perhaps explain why it is so popular. Also of course, the victim gets naked and masturbates and for only the second time on Jeny’s site, we see the victim climax. I think one of the main reasons why this video is so popular is because for once, the victim was not fazed at all by Jeny’s beauty or teasing and rose (literally) to the occasion but was still respectful of Jeny’s boundaries. I commented at the time “**I hope you enjoyed your "victim" (such a lucky bloke) fully enjoying himself right in front of your eyes!**”

The photo above is one I have selected but if you have not seen the video yet you really must check it out using this link:

<https://jenysmith.net/scene/8933956/back-to-work-outs-2-explicit-dont-ever-watch>

I next mention the video that Jeny presented to members as her Christmas present for 2023. It is called Puzzled 2022 and was only released on 24th December 2023. It is therefore the last one posted for 2023. I commented on the site at some length and amongst other things I said “You ended up so juicy and Alex gave us beautiful close ups of your wetness. I've not seen you so wet in any of your other videos so that shows how much you enjoyed things.”

Jeny started off wearing a lovely emerald green dress and stockings and heels. Of course the dress comes off and Jeny then increases my viewing pleasure even more by putting on (with the help of her victim Kirill (who features in earlier videos with Jeny)) her favourite suspender belt. Wow – check out how it gloriously frames her thighs and pussy when viewed from the front and that magnificent butt from the rear. Other highlights are: how Jeny gets “felt up” by Kirill in front of her office’s windows in view of passing people and how he gets to remove her panties; Kirill getting to fit her with her new nipple jewellery (gifted to her by my close friend Heather); Kirill getting “up close and personal” with Jeny’s pussy.

In the second part of this video, Kirill is lying on his back on a table. Jeny has positioned a smaller table above him and she is sat on that with legs open, masturbating with a small pink vibrator that is concentrated on her clitoris. Kirill is below, gazing up and this wonderful site, literally just inches from Jeny’s pussy. After her climax, she opens her pussy lips and boy, she is oh so wet.

Jeny removes the smaller table and sits astride Kirill, first with her pussy tantalisingly close to his lips and then with her nipples close to them.

At the time of writing it has already received 130 thumbs up and is surely destined to become one of the most highly rated videos on Jeny’s site. The photo below is not one of the more explicit scenes but is one I have picked because it shows a level of intimacy, seen more and more lately between Jeny and her lucky “victims”. Kirill was another young man who seems to excite Jeny because of the age difference. Although he was heavily tattooed he turned out to be quite a gentleman. A case of appearances being deceptive?

So, these two videos form the “bookends” for my 2023 reflections. I will now comment on at least one of the videos from each of the next 12 months. At times, it has been extremely difficult to pick just the one picture to illustrate the relevant video.

JANUARY

So straight away I break the rule I set, because for January, I am going to give two photos because there are two videos which are inextricably linked. They are Tape Project Parts 1 and 2 which were both released on 13th January 2023 (so were the first ones released in 2023). There are poignant because Ed Vos, a long time member of Jeny’s site and a friend of Alex and Jeny and myself and other members, sadly passed away shortly after Christmas 2022. Jeny made these videos in Ed’s memory as it was his idea.

In Part 1 we see a local female artist cut up iridescent sticky tape into various triangular shapes, to stick them artistically over Jeny’s naked body. Jeny even had to shave off her landing strip, (much to my disappointment - but not for long as it soon grew back) to allow the parts to be stuck to her pubic area. Jeny had also hired a professional photographer. The first part of this video is of the female artist at work indoors. The second part of that video shows Jeny outdoors on an abandoned railway track and bridge. Jeny showed just how professional she is as a model in the poses she adopted.

She also got very turned on because there were bystanders watching the shoot. See more at:

<https://jenysmith.net/scene/8953800/tape-project-prt-1>

In the Part 2 video, the shooting takes place indoors in front of the professional photographer. Jeny gradually removed bits of the tape covering her nipples, breasts and pussy and got ever more naughty and explicit in her poses.

As members will know, Jeny often gets very turned on when posing in front of strangers so that along with the bystanders previously mentioned meant she ended up very wet and Alex was able to show us evidence of that in close up. Alex must have got very excited himself watching Jeny posing as she did through both photos shoots. But in the end after the photographer left he got his reward!

FEBRUARY

For this month I have chosen Nylon Party released on 19th February 2023. Here Jeny is wearing a very short interesting newsprint back and white dress. She tries on various different coloured tights (pantyhose) - not my favourite, and different coloured hold-up stockings – more my favourite. We get to see some fabulous close up shots of Jeny's gorgeous legs and butt.

Then she spices things up even more! She inserts a jeweled butt plug and adopts various explicit shots to ensure we get a real good look at it!

As is often the case, Alex is really on the money with some beautiful sexy close up shots he provides.

You can find this video here:

<https://jenysmith.net/scene/8987200/nylon-party>

If that is not enough, for anyone wanting something even hotter there is the Nylon After Party:

<https://jenysmith.net/scene/8987220/nylon-after-party>

(where we see Jeny getting up close and personal with a certain part of Alex's anatomy and what he then did with it)

and even 145 photos linked to the first video:

MARCH

My choice for this month is Dr Alex - Jeny Realises Her Fantasy released on 2nd March 2023. The scenario here is Alex pretends to be the doctor conducting a psychological experiment with two people. Jeny is one and the other is a tough looking guy (Sergei), wearing biker style clothing.

Jeny is wearing a pink long sleeve jumper. It seems to emphasise rather than hide her very prominent nipples. She also has a very short leather mini skirt and black leather boots. Oh, and here she wears white panties. Alex says in one of the scenes that Jeny's pussy has eaten those panties (which we get to see in close up). Alex also contrives to get Sergei and Jeny to perform various tasks which lead to Jeny getting into various stages of undress until she is fully naked (apart from the boots) with Sergei getting to touch most parts of Jeny.

Other highlights include: both Sergei and Jeny talking about her breasts, nipples and pussy; Sergei taking off Jeny's panties; Sergei parting Jeny's legs to have a better look at her pussy; Sergei spanking Jeny who is spread across his lap; Jeny inserting her jeweled butt plug, Sergei holding both Jeny's legs up on a chair as Jeny masturbates to a climax just inches from his face, partly assisted by Alex fondling her breasts. One of my favourite parts is Jeny asking Sergei to straighten her pussy lips "if it was not disgusting for him". Of course it wasn't:

APRIL

The video I have chosen this month is Hairdresser - I'm in love. It was published on 27th April 2023 and is notable for two reasons: first, Jeny said it would be the last hairdresser video she would make as she was getting bored by the concept; secondly, we get introduced to Astra for the first time. She is a cute looking young female who is clearly smitten by Jeny. She is dressed in a sexy little black dress with many stars on it. It has wide shoulder straps (which keep slipping off her shoulders which Jeny finds both enticing and amusing). She wears black strappy high heels and looks quite sexy perched on the hairdresser's stool. Oh, and she has a large tattoo on her back and she says she is bi (but doesn't have much luck trying to find women). Until now that is!

Astra is made to wear a long blond wig. Jeny puts it into different braids. Jeny is wearing nude coloured high heels, a black mini-skirt and a fairly sheer loose fitting patterned shirt/blouse. Her nipples are clearly visible. Jeny gets close to Astra and she works on the wig. She contrives to bare her breasts and hoisting up her skirt, to rub her pussy on Astra's leg. Astra eventually notices the bare breasts and says she would like Jeny to take off her top – which Jeny soon does of course. Almost straight away, Jeny then also takes off her skirt saying she likes to experiment by getting naked in front of strangers to see how they react.

I would say that Astra reacts quite well. She starts exploring Jeny's body. Tentatively at first just by trailing her fingers across Jeny's body. But Jeny says she is enjoying the touches and getting goosebumps. Astra gets bolder and eventually uses both hands to cup Jeny's breasts and to flick her nipples. Jeny takes one of Astra's hand to push it down towards her pussy to show she would be happy to be touched there.

Highlights here were to see Jeny becoming turned on by another female's touches and she says they are gentler than a mans.

I noticed that the girls touch the breasts not like the men. Girls do it much more gentler

This turns out to be the start of a blossoming friendship between the two women.

Other highlights here are Alex managing to video from low and behind Jeny, as he shoots with one hand whilst with the other he gets to intimately explore his wife's butt and pussy. Jeny remarks "it is getting difficult to work" at that point. Check this video out here:

<https://jenysmith.net/scene/9078912/hairdresser-im-in-love>

Another video I must mention which was released this month is Hungry Selfie – EXPLICIT DON'T WATCH.. Jeny was wearing a sheer purple dress, had her hair in a ponytail and was wearing C.F.M Heels. Jeny was hungry once again for a certain part of Alex's body and Alex wanted access to another certain part of Jeny's body (no – not that part). We get to see what they passionately got up to – and in explicit detail. Find it here:

<https://jenysmith.net/scene/9065840/hungry-selfie-explicit-dont-watch>

Another video I must mention released this month is The Lost Warehouse. Oil. Jeny goes out alone with her selfie stick to an abandoned building. It is in a dangerous state. She gets naked except for knee high boots and wanders around what she hopes is an empty building. She has with her a portable folding chair which she next sits in. She has some body oil with her which she rubs in.

It is only after she is safely home and the video is being prepared for release that she notices that she has been "caught" naked by someone else in the building. This video shows the risks Jeny sometimes takes in the cause of entertaining members. She also admits this excites her. Here she was daring in not only going alone but also due to the dangerous physical condition of the old building especially the stairways. See what you think here:

MAY

The video for this month is Rehearsals Pt2 - The Mirror. It was published on 25th May 2023.

The idea is quite simple. Jeny is alone, naked except for C.F.M heels, in her studio with a selfie camera. Oh and there is a strategically placed mirror (not surprising perhaps in view of the video title). She is sat in a chair in front the mirror.

For the first 5 minutes or so, you have a choice of two views. The right hand side is Jeny viewed from a fixed position camera. It also shows her holding her mobile phone. The left hand side view is the one Jeny is taking using her mobile phone's camera aimed at the large mirror she is sitting in front of. You can therefore concentrate on either the left hand side or the right hand side. Or you can try to watch both at the same time but personally I found you miss too much if you try this.

On the left hand side, you see Jeny's gorgeous naked body both as shown in the mirror and also in selfie mode as she zooms in and pans up and down. It offers wonderful views of her butterfly, which is already open ready for take off.

The final part of this video of about 9 minutes concentrates on Jeny using the fixed view camera. She first stands in front of the camera. She seems to inspect her breasts and pussy both visually in the mirror as well as stroking with her hands. She then turns around to gaze at her own butt both normally and also with her cheeks held open.

She then returns to the chair. She ends up climaxing with one leg draped over the arm of the chair, after using her fingers to both rub her clitoris and insert two of them in her pussy. There is nothing sexier than watching and hearing Jeny cum and if you agree, this shortish video will not disappoint. Check it out here:

Another notable video released this month was 3 Beauties. They are indeed 3 beautiful ladies but the other two only really serve to show up just how beautiful Jeny is. It featured the re-appearance of Olya and another female friend. It was an indoor photo shoot and Olya's partner took the pictures as Alex manned the video. The first part was of the three girls sat on chairs alongside each other facing the cameras. It was the friend who became naked first, closely followed by Jeny and Olya. There was a lot of giggling going on as they caressed each others bodies.

The friend had to leave so the final part of the video is Jeny alone with Olya on a sofa caressing each other as well as Olya licking and kissing Jeny's nipple. Alex manages to pick up the exact moment when Jeny's fingers pick up and trail Olya's sticky pussy juice. There is a clear feeling between Jeny and Olya and the two girls have become friends. The video can be found here:

JUNE

The video I have selected here is Renault 4 and was published on the 13th June 2023. It is not one of my favourites but I have picked it because it was Jeny trying something different.

She is dressed wearing stockings, suspenders and heels (my favourite look) and initially at least she wears a short black jacket. She looks the car over from outside and under the bonnet. She adopts various poses on and around the car and we get to see some nice butt and pussy shots. The car owner appears and Jeny carries on flashing. Her jacket is opened so her breasts come out with those fabulous nipples of hers on show.

Jeny then climbs into the driver's seat without her jacket. She checks the controls before getting out to pose in various ways around the car. Eventually Jeny gets to drive the car naked except for her stockings and suspender belt with the owner sat in the passenger seat. I'm not sure how she managed to drive that old car wearing her heels.

In the final parts of the video, Jeny takes a walk outside, handles the large gear stick and suggestively talks about it when the owner is driving the car and ends up getting spanked by him.

JULY

The video I've chosen here is The Psychologist Test - My Tempter. It was published on the 6th July 2023. This video is another one in Jeny's psychologist series of videos. As often before, here Jeny intends to tease her victim to see how he would react.

Here Jeny tempts her victim to the extreme. She started off wearing a bright orange shirt with buttons, a black stretch mini skirt with a large slit at the front, black stockings and black C.F.M heels. Her victim was asked to sit on the opposite side of the desk from Jeny as she asked him a series of questions. She then starts to put the pressure on. She sits back from the desk and crosses her legs seductively. Her stocking tops are clearly visible. As is the fact she is not wearing panties.

She also stands up, hitches up her skirt, as well as leaning forward to give the victim a downshirt view showing she also wears no bra. But then the tables turn somewhat. The victim tells Jeny he has an erection.

The final 20 minutes or so of this video are the highest level of eroticism as they flirt and spar verbally. Jeny gets the victim to first take off her skirt. He then helps her to pull down her skirt. She sits on the desk in front of him, naked except for stockings and heels. He resists her. He tries to get him to touch her dick. She resists and he then tells her he doesn't want her to touch him anyway. Who is the tempter?

She sits on the desk in front of and facing him. She then drapes her legs over his shoulders. She allows him to caress her breasts. At that point the victim has to go to the toilet to "relieve himself" so perhaps he is not as under control as he is trying to make out.

When he returns, Jeny sits on his lap facing him. She allows him to caress and squeeze her butt. He again caresses her breasts without Jeny's say so, but she doesn't seem to mind. They hug each other closely.

Jeny then turns around on his lap facing away from him. He rubs her back with his nose. She likes it. She leans back into him. He rubs her shoulder with his nose and chin. She also finds that pleasurable.

Jeny decides she needs to try to take control. She sits on the desk in front of him but then returns to the other side of the desk. But she decides to return to his side of the desk again. She must think this is a challenge she cannot walk away from!

Sitting in front of him with her legs open either side of his body she rubs her pussy. He moves in to fondle her butt cheeks as she rubs herself. She then leans back and opens and lifts her leg. He gently blows on her pussy from just a few inches away!

Ultimately Jeny allows the guy to lick and kiss and nuzzle her inner thighs, pubic mound and very close to her pussy lips.

She tells him about her boundaries and trusts him not to cross them, which he does not. Find the video here:

<https://jenysmith.net/scene/9141588/the-psychologist-test-my-tempter>

The victim in this video was Maxim. Jeny has such a good relationship with him that he is able to photograph her later that month. Jeny dresses in extremely sexy lingerie comprising a see-through bra, pantie and suspender set (a gift from Heather) with stockings, suspender and heels. Maxim turns out to be surprisingly good as a photographer. He also manages to put Jeny at ease, so much so that she allows him to be knelt between her legs (no panties or bra then) to shoot from extremely close range. He is even allowed to caress and stroke Jeny even while he is taking pictures. Alex is on hand to video the goings on. Check it out here:

<https://jenysmith.net/scene/9165264/my-lingerie>

AUGUST

The video I have picked this month is another one involving Maxim. It is called A Role Play Photoset and was released on 26th August 2023. Jeny and Maxim pretend to be a couple in love who prank a female photographer. It was a hot session, luckily videoed by Alex.

Some of my comments at the time were : “ The unexpected bonus here was the female photographer. Not only was she willing to show her face, she was also quite cute and dressed sexily. You clearly made such an impression on her that she just had to have a long lingering feel of your butt and inner thighs. You must have found that such a turn on to have 4 hands exploring your intimate parts especially as one of Maxim's hands was rubbing your clit at the same time.” You can find this video with the following link:

<https://jenysmith.net/scene/9191600/a-role-play-photoset>

SEPTEMBER

This was my birthday month, so I was interested to see what videos would be released. The one I have picked was and is exceptional. It is called How I Helped A 20 Years Old Guy and was released on 14th September 2023. It falls both in the Massage series and the Psychologist series of videos.

Jeny had come across the guy on a forum and became aware he was having problems whenever he got intimate with girls. Jeny offered to help him as a Psychologist. She spent a lot of time talking with him and getting to know him when they met in her studios. She then designed a plan to overcome his issues. It involved him having to help her undress down to just her white panties. Then, he was going to massage her.

At first Jeny got him to massage her back. He seemed remarkably adept at it. Jeny then turned over but kept her breasts covered by her hands. However in the end Jeny is fully naked on the massage table covered in oil as the young guy massages her. He had overcome any issues he may have had and some of the massage strokes were clearly gropes of Jeny’s fabulous body. Jeny admitted afterwards she was excited by their age gap.

The climax was, literally watching and hearing Jeny climax as the guy intimately massaged her pussy.

Jeny was on the massage table with her legs spread apart (having been put in that position by the guy) and she had to ask him to rub her some more “down there” just before she orgasmed.

I said to Jeny in my comments: “I do not know how far you thought things might go when the massage started. But it reached the stage where you lost control and we could see you were not entirely sure what to allow. But then, matters reached the point of no return as you were getting so turned on you just had to (selfishly - why not?) allow him to make you cum.”

See the video here:

<https://jenysmith.net/scene/9206214/how-i-helped-a-20-years-old-guy>

Also this month, Jeny very graciously allowed Vicky a guest spot on her site. Members may remember her as the attractive young woman that Jeny showed how to take her first naked stroll with Jeny back in Russia. She also helped Jeny in one of the previous Psychologist videos. In this one we see Vicky alone, masturbating in a bar and a forest. Watch it here:

<https://jenysmith.net/scene/9207634/hello-from-viky>

Later that month Jeny released a video of unused shots where at the start we get to see her peeing in the road wearing a vibrant orange dress. Check that one out at:

<https://jenysmith.net/scene/9211974/unused-takes>

OCTOBER

The video I've picked for this month was released on 9th October 2023 called He spanked me for spreading my legs.

Jeny's friend Alan was visiting and being an experienced photographer, a photoshoot was set up with him. Jeny wore a kinky outfit of black thigh high boots, a black halter and straps (which covered nothing) and she wore a pretty face mask to heighten the look. The lighting was atmospheric. There are some extremely erotic, even explicit shots. It culminates with Jeny being leant against a table with arms and legs spread to receive her spanking. Her butt cheeks glowed red.

The slightly disappointing part is that in her comments to this video afterwards Jeny said “It's sad that... because Alex owned me during that photoset, we couldn't finish some of the things photographer brought to us. Those included restrain chains and... an alone standing dildo...”

Check out the spanking (and other erotic parts) here:

<https://jenysmith.net/scene/9224914/he-spanked-me-for-spreading-my-legs-during-photoshoot>

Talking about explicit videos, during a slight lull in their shooting schedule (due to Jeny's illness), Jeny released a red hot video on 20th October 2023 called Throw Back in Time. It was a video that Alex and Jeny had shot some while ago in a holiday apartment. A camera had been set up on a stand to video themselves as they made love and they also took it in turns to video with a small hand held camera for close up shots. Jeny has explained she likes to video their love-making so that they can look back at things when they get older. This was therefore really for their private viewing but Jeny does occasionally cater for those of her members who like to see more explicit videos. This one certainly is that type and Jeny generously released it to tease us. It really shows them enjoying each other's bodies. See it here:

<https://jenysmith.net/scene/9233298/throw-back-in-time>

NOVEMBER

His Cousin Prt 2 was released on 27th November 2023. It is the follow up to Prt 1 which was released just two days earlier. The victim here is Kirill (who features as well in Puzzled 2) being another young man selected by Jeny for her to tease. He was heavily tattooed including some on his face. However, his looks belied his demeanour as he turned out to be quite a gentleman.

There was just the one shooting but Alex decided to split it into two parts in view of the length. Kirill had been told he would co-host a YouTube video. Jeny and he were sat behind a desk which partly hid them from the fixed camera at the front, although Alex still had a roving camera. Jeny pranked him of course. The first part of the video shows their interreaction and Jeny eventually getting Kirill to touch her body, although he was still quite reticent.

The picture I've picked is from Part 2. In this Jeny really puts the pressure on by getting naked and sitting very close to Kirill and getting him to touch her. She also has picked a slim pink vibrator (a gift to her from her friend Christian) which she uses on her clitoris to masturbate. She gets Kirill to hold it as she gets to her climax. I did comment to Jeny at the time that she had to move the vibrator tip onto her clitoris as jokingly I said the young man wasn't entirely sure where it was. Kirill had a really good run up to Christmas as he featured in two of the hottest videos of 2023.

This is the link to this video:

<https://jenysmith.net/scene/9268166/his-cousin-prt-2>

Also released in November was the Playing with my nerves video. It is another daring one Jeny shot on her own. The first part shows her driving their new red Audi convertible. Jeny is wearing a headscarf and a shiny grey all in one body suit. Whilst driving along she releases her right breast from time to time and her nipple looks so perky and suckable!

The second part shows Jeny outside an abandoned factory. She positions one camera on the ground just in front of her portable chair. She positions a second camera further away and higher up in the abandoned factory. Jeny sits in the chair, undoes the zip to expose both her breasts and her pussy. She starts masturbating with the slim pink vibrator. What she did not bargain for was a man in a van turning up and parking to the rear behind an old building. She heard the van but didn't see where it had parked. Did she get her orgasm? Find out here:

<https://jenysmith.net/scene/9252834/playing-with-my-nerves>

DECEMBER

The photo I have selected here is from towards the end of the video when Jeny finally gets to shoot another video with Astra. It was released on the 7th December 2023 and was called Let's Prank Jeny. Alex had conspired with Astra to prank Jeny. Jeny thought she would be shooting a YouTube video. Alex wanted to see how Jeny would react as a victim. Personally, I wanted to see how Jeny would react with Astra after the connection they had made in the Hairdresser video referred to earlier!

At first Jeny did not really know what Astra was getting up to literally just behind her back as she tried to concentrate on the presentation. Astra was fondling Jeny's butt and bit by bit managed to raise the hem of Jeny's skirt. The girls certainly had fun when Jeny eventually cottoned on to the fact she was being pranked. Astra is a sexy little lady herself, with a nice body and when she took off her bra from beneath her tee shirt, it showed she had pert nipples. The picture I've picked is of the two of them having a simple sensual kiss at the end. So erotic!

The whole video needs to be watched here:

<https://jenysmith.net/scene/9275570/lets-prank-jeny>

The other notable videos in December were Puzzled 2 (which I mentioned already) and As Bartender again. In the latter one, Jeny has found a Russian speaking bar and has persuaded the owner to let her work there. I'm sure he did not need much persuading. The video shows Jeny's antics behind the bar and her interractions as she takes off her clothing. The camera is fixed low down behind the bar and unfortunately because of restrictions Jeny was not able to show any of the customers, some of which caught her in different states of undress. That video is here:

<https://jenysmith.net/scene/9283218/as-bartender-again>

SUMMARY

So starting with the Tape videos published on 13th January this year and ending with the Puzzled 2 video published just a few days ago on 24th December, Jeny and Alex released a total of 62 videos. They also produced a number of photosets and blogs and newsletters, none of which am I going to talk about here. But the videos alone were a tremendous output of highly erotic, (sometimes explicit) adult entertainment.

It means in my review, I have only mentioned a few of the year's videos. I am sure to have missed out many others that could/should have been mentioned. The thing is, we all have different tastes. So, why don't you review 2023 and see if there are any other favourites of yours?

We also saw Jeny use a number of her victims in different videos. Those persons were those she had spent some time with and come to like and trust and most importantly had observed the boundaries set by Jeny.

Jeny deservedly keeps her title as Queen of Tease. But as her site members know, Jeny always tries exploring different ideas to entertain members and if and how far she wants to extend her boundaries with both men and women.

She must understand she cannot please all her members all of the time. But as long as she continues to provide videos of ideas that excite her and she is happy with the videos she puts on her site, that is the most important thing.

Being a member provides huge value for money as it only takes a very modest membership fee to gain access to not only all of the videos I have mentioned for 2023 but also all those I have not mentioned. You will also get to see any that Jeny will make in the future.

Plus being a member gives you the bonus of being able to watch and download literally hundreds of videos from previous years. There are also thousands of photographs. So if you are not a member yet, perhaps you should ask yourself why not.

I am here expectantly, hoping to continue watching Jeny's unique form of erotic entertainment. I'm expecting another great year in 2024 as a member of this wonderful site and feel sure I will not be disappointed!
