

My review of the 5th and 6th (or 6th and 7th depending if you count 'Unsatisfied' which is meant to be a part of the story) of the massage saga.

I'll deal with the main criticism of the last two videos and that is the lighting of them, both of them were lit by the neon signs in what I feel added to the atmosphere of erotica around the whole ethos of what Jeny wishes her work to be viewed in.

So with that done and dusted on with the review but first some info

## Review for video "Just Massage prt 5"

Tags: [massage](#); Published: [3 March 2025](#)

Running time; 38 mins 56 secs

So the video starts as every video has with Jeny laying on the massage table, this time she is on her stomach and as the masseur begins his massage by opening her legs so that, once again, we have a great view of Jeny's perfect pussy and outstanding butt

(this is one of the great assets of this series by only using one camera is that all through the 6 massage videos you can see the effect the massage is having on her)

Clearly as the masseur has gone from almost a shy guy to one who knows what Jeny wants. He has a thing about spreading her butt cheeks wide and the positioning of the camera comes in to its own enabling us to see Jeny's perfect pussy opening in time with the masseur's strokes

As previously mentioned in the title this is 'just' massage but as with most of Jeny's videos there's more to it than meets the eye! There's not many masseurs who are asked to give their clients a spanking

But before that, Jeny clearly enjoys a little bit of pain with her pleasure as soon as the bamboo sticks are brought out Jenny is lifting her beautiful butt up to meet them and when the masseur reaches the right spot she wiggles her fabulous buttocks indicating success!

It becomes obvious that the masseur has overcome his shyness he makes up for it now! He's now massaging a beautiful naked woman who doesn't have the word no in her vocabulary and her boundaries have been dismantled.

So he starts with Jeny laying on her stomach and the main area that's caught his attention (and why wouldn't it) is Jeny's magnificent ass and so we watch as he goes through his normal regime but with one difference!

As he uses more massage oil on her bottom it becomes obvious that with every upwards stroke on his hands end up touching her perfect pussy. Then using both hands he stretches her ass apart so that both he and we get to see her wetness and on a couple of occasions he spreads her pussy lips as well.

Soon enough he tells Jeny to turn over and there before us is the most beautiful woman on this earth! Immediately she opens her legs wide and her perfect pussy is revealed with its barely there landing strip (Simon says it should be called a heli pad as it's so small I told him that it will never catch on!)

The masseur has the luxury of Jeny's fabulous body now laid out before him and we watch as first one hand glides across her stomach and then a second hand and then a third hand??? WTF!!! NO you're not going mad because the third hand is wearing nail varnish and belongs to Jeny of course! Jeny guides his hand down to her perfect pussy and makes him feel for her clitoris

She wants to climax at some point during her massage and Jeny makes certain that she will by openly masturbating whenever the masseur has got his hands full (of Jeny's fabulous breasts !)

And then it happens!

Jeny has a no touching of the pussy climax which takes the masseur by the surprise as Jeny can be quite noisy when cumming and this time she's as a mouse

We leave Jeny on the bed as she recovers and wonder who's winning remember that Jeny wants to climax in front of the masseur or was it the other way around. I'm just happy to see Jeny really enjoying herself

And so we reach the climax of the climax (well I wasn't going to miss out on what was an obvious pun Well it's been an exciting journey with plenty to enjoy on the way. We started off with a naive masseur ( how much he was told before the first massage,I'm not sure) But as the massage begun it quickly became obvious that he would need to be guided. So before we get into the review i need to do our housekeeping

## Review for video "Just Massage part 6 "wearable toy""

Tags: [massage](#), [oil](#); Published: [24 March 2025](#)

Running time; 36 mins 28 seconds

We begin with Jeny laying naked on the massage table. A towel covers her gorgeous butt. So as with all the videos in this series, the masseur begins with Jeny's legs and as his hands reach the top of her thigh, he discovers that Jeny has got two wires coming out of her perfect pussy and being a gentleman and not wishing to embarrass Jeny he quietly asks her if she has her period. Jeny quickly reassures him for there's yet another surprise for him

Yes she replies,(well anyone who knows anything about Jeny knows that she won't leave anything unfinished!) And the surprise? She holds in her hand the controls for the toy that she had inserted in her perfect pussy before today's session.

And he asks if she is okay with it, Jeny replies 'I'm very okay with it! she explains that she was testing it out so she can tell her friends whether it did work to double the pleasure. So with that in mind he carries on with the massage in what makes it so exciting is that they (the masseur and Jeny) still try to give us the impression that everything is normal, that Jeny always gets this wet! But there was a difference, firstly there is Jeny naked with her pussy wet from the masseur's touch which is increasingly concerned with her beautiful butt cheeks and spreading them wide. Jeny is curious as to whether the masseur can feel the toy inside her perfect pussy. Well can he? And what will he do if he can? You must watch the final part of what has been a fascinating journey. Don't be put off by some of the titles of the videos when has anything that's has Jeny in it been adequate as in just massage

And take my word for, it, this is a tour de force and the climax of this is we'll worth waiting for

Poka poka
